My Darling sisters & Nieces:

Well I'm going to write just about 6 lines this month to see why I haven't heard from one or the other of you Kids yet. What is your excuse - or have you any? ha, ha. I guess you are like Aaron, Esther, Nenice, and Marj, you're waiting for one from me? Well I'm waiting for one from you too. Gee, it's pretty hard to write when one hasn't any news or anything to gush about. I know one thing if I were there with you & Jim I would pick both of you up and pat and both of your little ump-days.

Well, darlings, how is our babies? Gee I'll bet they're glad school is out, aren't they. I imagine I would be glad if I were little again and going to school, but still I would be glad when vacation came. Anyway I certainly will be glad when it's time for my vacation from here. Ha, ha. O.K., yes, indeed I will.

I had a very nice trip to Jacksonville, Florida. I was down there 10 days and have been back to Miles close to 2 weeks. I got to see Edna, a girl friend of mine, and she and I were in together and we had a lot of fun. She is doing 87 years in Jefferson City, Mo., and she is just as sweet as she can be. She likes me a lot, and I think Edna is it. She is the only one is that outfit that I could get along with. I couldn't get along with any of the rest of 'em - and as you probably know I sure didn't try because I did not want their friendship.

Now, sweet-things, don't get mad at me. I had my hair cut off, but I didn't want to. I have enlarged glands in my neck & shoulders, so the Doctor said my hair, being long with that knot on the back of my head, wasn't doing it any good so I had it cut. You see it was causing me to have terrible headaches. It doesn't look as nice short as it did long but I could not stand it. It wouldn't look bad if I could get a permanent. Nuff said, huh?

I ask once how the babies were getting along - did they all pass in school? I hope they did, bless their little hearts. Tell them Auntie said hello and I still love them all. I sure will be glad when I can see all of you. What a day or rejoicing that will be.
Honey, girls, do you ever see Ruthie and Annesie? I never have heard from Ruthie yet, the little bean. How is she? Is she and Chummy getting along O.K. now?

Millie, dear, I'm going to send Annesie's mail to your box as something tells me she may not get my letters down where she is at now. I should think she could get Chuck to bring her out once a month to get it. You ask her if she would rather I sent it to her place, it's whatever she says, if she wants it sent to her O.K. but I know she didn't get a couple of my letters, so that's that.

Oh, say, Kieta, You do you realize it won't be long until I go up for Parole and boy, so I hope I make it. I go up for a try this coming Nov. It won't be long now, ha, ha.

I'm writing you & Jimmie's letter in together this month because I only have two sheets of paper at this time so I can't write any more, see?

Say, Jim, old dear, do you & Ellen ever hear from Shorty? Who are you going with now? Or are you going with any one? Does Ellen like him & does he like her? Bliss her little heart I worry a lot about you & Millie and your dear sweet babies. Do you all get along all right? I mean there isn't anyone fools around there or any thing?

I'm sure getting sick of being in here. Lord have mercy, if I ever look at another prison I hope some one yanks me up by the hair of my head an’ blisters me good too.

Millie, honey, does Mr. Henman come out very often. He doesn't like me a little bit, does he? Well I'm not so crazy about him either, so I guess we are square, ha, ha.

Well, sugars I must close and do a little pacing the floor. I'm running out of paper anyway so I'll say bye, bye for now.

 Loads & Gobs of love to my dear sisters & Nieces. From your own baby sis & Aunt Nonie.

F.S. Nonie S.

Answer real soon. I'll try to write more next month. X U X O X O to all of you.
Dear Dolores:

I just received a letter from Clare saying that mother and father had stopped there on their way home after visiting you. I hope their visit left you in a happy frame of mind. I was very glad to hear you are in good health and that you are doing alright by yourself. I hope you have not been affected by spring fever. I also received a letter from my sister out in Kansas. She was intending to come up here this coming Sunday to visit with me but I wrote her a letter and told her to postpone the visit until my mother comes up and that way they can see one another while they are in St. Paul. Do you want any more pictures of Amy? If you do I will have them take some more of her. I hope you all settled everything satisfactory between yourselves in regard to your finances etc. while you are in there. I hope you also made arrangements with them about living with them when you get out. I am sure you will like it much better in Chicago than you would here in St. Paul. I know you would rather receive long letters instead of short ones but the way things are, it is hard for me to find out anything new to write about. I just listened to the Louis Schellinger fight. It certainly was an upset. It just goes to show you never can tell what will happen in this world. I read your letter that you wrote to my parents dated June the eighth. I see you are intending to take the St. Paul newspaper. I think at the present time the News is the best paper. Did you get the car business straightened up with the old man? to the satisfaction of both of you. How did you like the advice I gave you about buying your smokes. I'll bet you said to yourself, still the dictator. I hope you have everything you need. If there is anything at all that you can have and don't be backward about asking for it in your letter to me. You know it is about 1 a.m. and I am not the least bit sleepy tonight. I wonder if you are getting depressed. Being up there so long and still not having any hope of getting out until next summer. I suppose there is many times when you get the blues. Well my only advice about doing time is to grin and bear it. Of course talk is cheap but then the more you worry about it the harder it is and the longer the days seem. I sometimes wonder how you can stay there and remain cheerful. Of course it is different with me as I have been thru all of that before. I am wondering if those long letters bore you because after all there isn't much for me to write about as I am here by myself except for the agent that is here with me. We get along fairly well considering our different viewpoints on life. You know I can look over at the hotel Loury from one of my windows and I often think of some of the hotels we used to stop at. I have not bought that pen and pencil set as I have something nicer for you in mind. I was talking to an agent today that was in Philadelphia at the time you were. His name is Thompson. What magazines are you allowed to receive direct from the publisher? Also which one's would you like to have. Let me know in your next letter and I will have them sent to you. I am going to send you a little extra money so as you can buy a little more than you would be able to there if you had to make $10.00 a month last. Have you heard from Dale lately? I have not heard how she is getting along in the last week or so but I will find out in a day or so and let you know. I seem to be putting on weight very fast so it looks as if I can't agree with both of us as far as putting on weight is con-
concerned. I sometimes think you must wonder where in the world I learned to write, if a person could call it writing. Sometimes when I re-read the letters I write I can hardly make out some of the words myself so I realize that it must be quite a job for other people too. In your last letter you spoke of ironing shirts. I sent ten shirts out to the laundry the other day and they charged me 2.00. You know how I detest laundry marks in my shirts. Well I told them not to put my initials in them. They didn’t - they wrote my name in them instead. I intended to give them and the rest of my clothes to your brother but I don’t know whether he will want them or not with that name in them. Do you hear from him very often? I don’t know of much else to write so I guess I will sound off as it is getting late and I must get my 12 hours sleep or else I don’t feel very spry the next day. Honey, don’t forget if there is anything you can have that you haven’t at the present time, let me know in your next letter. Say by the way, how do you suppose Ray’s ears ever got so large in such a short time. Now if his feet were getting large I could understand that when I look at mine. Well I will write more next Saturday. Love.

Alvin Karpis
C/O County Jail
St. Paul, Minn.
My Dear Brother:

Just a few lines to see why I haven't heard from you? Guess you have been waiting for a letter from me. Well, brother of mine it's pretty hard to write out of here if you don't have a letter to go by, there is nothing new happening in here, so you see it rather difficult to write.

How are you getting along? Are you still in the Hospital? I sure will be glad when you can go out and start preaching again. I guess you will be pleased too, won't you? I would love to attend your services, and will if I ever get out of here.

When have you heard from Anna & little Jim? I guess you hear often. What grade is Jim in now? I'll bet he is as smart as a whip. What does he talk of being when he grows up? Can he must be getting to be quite a boy. And I know his Daddy & Mother is proud of him.

I was letting my hair grow and it was getting real nice to do up good but I have had to have it cut, the doctor said it wasn't doing my neck any good, as I have enlarged glands in my neck and shoulders and it was making me have terrible headaches. I hated to have it cut as I like it much better long, but I guess it's all for the best.

Aaron, the last letter I had from you, you said you were going down to sister Clyde's. Did you get to go? If so, how is she getting along? I hope she is feeling better. Poor May, she has sure had a hard row to hoe, hasn't she?

Do you think you will get in on the Bonus this time. I hope you do. I think you deserve it. We hear a lot about it over the radio, and I have been wondering if you had received yours.

Oh yes, Brother, do you know how Clyde got killed? I would like to know just how it all happened. As for him getting killed in that car wreck, I do not believe it, and I don't know why they don't investigate it. It looks pretty funny to me, and I can't help thinking about it. Millie wrote me about it before I was sentenced, but she did not explain it to me, and I just keep thinking about it and wondering if that didn't have a man's hand in it? If I were guessing - and I don't think I would be
far off, I would guess a brother-in-law on his side of the family had something to do with it. I don't think there is any harm in voicing my opinion. I feel so sorry for Millie and those dear babies. That left her sitting in a pretty tight spot.

I went down to Jacksonville and was gone for 10 days. It was rather a treat to get on the ground again.

Well, Brother oh mine, I must close as it's very near dinner time and I have got to eat a bite. Answer real soon and tell me all the news about yourself. I will try to write you again next month.

With Loads & Loads of Love from your own baby sis,

Wynona B.

Mr: ALVIN KARRIS, with aliases, et al
Kidnapping

Dear Sir:

Reference is made to your letter dated June 18, 1936 requesting that immediate arrangements be made to cover the conversation between Dolores Delaney at the U.S. Detention Farm, Milan, Mich., and Alvin Karris' mother and father.

Special Agent Olcke of this office accompanied by night typist, L. B. Church, proceeded to the U.S. Detention Farm, Milan, Mich., on the morning of June 18, 1936 where Superintendent John Ryan of the U.S. Detention Farm was contacted and arrangements made so that sound recording machine could be established. The microphone was set up in the interviewing room and tests were made in which any conversation held in the interviewing room could clearly be heard over the earphones situated three rooms away by both Agent Olcke and night typist, Church.

The following is a resume of the conversation which took place between Dolores Delaney and Mr. & Mrs. Karpis with Dolores Delaney's 15 months old son present at the U.S. Detention Farm at Milan, Michigan, between 1:15 and 2:15 P.M. June 18, 1936:

"The first conversation heard was between Mr. Ryan, Superintendent and Dolores Delaney wherein he explained that the visit would take place in a special room as they did not allow children inside the prison. Dolores Delaney was ushered into the room first and appeared excited at the prospect of seeing her child, and was told by Mr. Ryan that they would be right in. The visit took place in a room adjoining Mr. Ryan's private office and Karris' parents arrived in a 1935 Terraplane coupe bearing Louisiana plates No. 19-840.

At the first of visit greetings were exchanged.

[Signatures]
with many exclamations over baby. The child cried and Karpis' mother endeavored to quiet child without much success. Dolores Delaney attempted to calm child but the child cried while Karpis' mother kept repeating "Sonny" in an effort to quiet it. Karpis' mother said, "You know your mother, don't you?" Dolores Delaney exclaimed, "He is so big as I am." Karpis' mother took child. Dolores Delaney made many remarks about how big the child had grown and "He looks so different from when I saw him."

Karpis' mother made remarks concerning the size of clothes the child wore in comparison with his age. Mr. Karpis spoke to child and tried to quiet him and then he was promised ice cream by Mrs. Karpis. Mr. Karpis said, "Now what do you think of him?" Dolores Delaney replied, "He is so big I can't get over it." Dolores Delaney said, "Look at his feet," and Mr. Karpis replied, "Those shoes cost $5.00." Dolores Delaney said, "Hasn't he got big feet?"

Mr. Karpitieces asked Dolores Delaney if she had received the money and she replied that she had. He then asked, "Did you get any letters from Oklahoma?" and she answered, "I got one yesterday, I got three of them. (Baby continues crying)."

Dolores Delaney then asked in a low tone, "Do you know when he is going to be tried?" Mr. Karpitieces answered, "No, nobody knows, Dolores Delaney, no, nobody said anything." Mrs. Karpitieces then talked to baby handing baby her pocketbook. Dolores Delaney said, "He (the baby) doesn't want anything." Mrs. Karpitieces then talked for some time to baby and remarked that they had given the child a pony ride on last Sunday and Decoration Day in Lincoln Park and that they had taken pictures.

Mr. Karpitieces remarked to baby, "We go out, we go out pronto if you keep crying." Mrs. Karpitieces talked to baby again and said, "He has got a sand box and a play box; all the kids come in there to play with him," and her husband said that, "He is going to have a swimming pool as soon as it gets warm."
Much talk then follows concerning baby and Mr. Karpivicz tells how child screams when he sees white clothes because he had been vaccinated. Mrs. Karpivicz remarks to child that he has seen lots of dogs (evidently child has seen Mr. Ryan's police dog). There is more talk about the baby and much laughter.

Mr. Karpivicz asked Dolores Delaney if she had received anything from her sister or mother. At first she says no, and then she states that she has received a letter from her mother. Dolores Delaney states that her sister sent word that she was going to Chicago and planned to visit Mr. and Mrs. Karpivicz at that time.

Mr. Karpivicz asked Dolores Delaney if she had anything to say to "Alvin"; that he had wanted them to see her before they visited him. Dolores Delaney said "I just got permission to get the newspaper; we couldn't get any at all before. Mr. Karpivicz, "Is the newspaper furnished here to the institution?" Dolores Delaney, "No, we get permission to subscribe to any home town paper." Karpivicz, "St. Paul paper?" Dolores Delaney, "St. Paul." More talk to baby, Mrs. Karpivicz saying that the baby goes after the spoon and sugar. Karpivicz says the baby goes after his whiskey. More laughter. Karpivicz told of the baby getting candy, so much a day, but sometimes he gets too much and is liable to get pimples.

There is much noise from the baby playing with a ball and opening drawers and then discussion about the car that Karpivicz are driving (evidently Karpis) and Dolores Delaney asked that she guessed that he was not sure what he would do about it, that he had thought of selling it. Mr. Karpivicz said that "He (evidently meaning Karpis) gave it to me." There was whispering at this point for about two minutes between Mr. Karpivicz and Dolores Delaney. Mrs. Karpivicz then talked at length to baby about not opening and shutting the drawers.

At this point there is talk about when Dolores Delaney might get out and she says that "I have to do 20 months before I am eligible for parole. Mr. Karpivicz asked Dolores Delaney if she intended going to St. Paul upon release and she said she would rather go to Chicago. Karpivicz stated, "It is just your home town, that is all." Dolores Delaney stated, "Well, I just thought he (evidently meaning Karpis) wanted me to go where you are, and I would like to do that but I didn't even know if you wanted me to do it." Also, "That is where I would rather go, I could never get along in St. Paul any more; I want to get out and get a job, that is all I want."
There is much talk about the baby and then Dolores Delaney is asked what message she would like to send to Karpis. She replied, "I don't know what to say to him, I just get so excited. I can think of a dozen things I want to say, but after you get here I can't say them."

Mr. Karpivescz said that he had told him (evidently meaning Karpis) to send Delaney $20.00 and Delaney replied that in prison they only spend $10.00 a month anyway, but that she had been worried for fear she would not have the money to pay for the subscription to her newspaper which was $12.00 per year. Mr. Karpivescz asked if he would pay for it and Delaney told him that the prisoner has to pay for it; that it cannot be paid by someone on the outside, but how she will have enough to get the paper and enough to "get by" on.

Mr. Karpivescz tells Delaney about how Karpis is getting along in prison; that the Government men keep a cover on him for 24 hours a day; that they come and ask him when he wants his meals or anything at all. "He gets good service," Delaney replies, "Well I am glad of that."

At one point Delaney states "You know that other boy who got caught right after, they said that Alvin was the one that told the Government where he was. That made me so mad that I could have killed him because I knew he wouldn't do it." Delaney tells Karpivescz that she will not speak to the other girl (evidently meaning Lynda Burdette) any more.

Delaney said she guessed Burdette got money from home, but she would not speak to her; "Not since she went down that far, because I just thought, you know, when you go through something like that and then when you get caught, you don't talk; that's not very nice, I don't believe in that." There is some whispering at this point.

At one point Dolores Delaney states that when she is eligible for parole she would probably have to be paroled to them but she didn't know if they would want her, whereupon they replied she could always consider their place her home.

As they near the end of their conversation there is much talk about the baby and how big he is while the child plays a harmonica and police dog barks. Karpivescz remarks, "He is a spoiled kid."
They exchange parting remarks and Delaney kisses her child.

Difficulty was encountered in recording the conversation because of the noise created by the child crying during a great part of the conversations and after it had ceased crying it bounced a ball around and opened and shut drawers in file cabinets in the room. Thereafter it played a harmonica more or less steadily. Mr. Ryan drew Karpiviecz and the child into his office to lessen the disturbance but this created two sets of conversation which caused difficulty in understanding conversation of Delaney and Mrs. Karpiviecz; also the two women whispered at intervals.

Very full court.

Judge Arthur D. Wood,  
Chairman, Parole Board,  
Washington, D. C.

Dear Sirs:

On April 10, 1935, this Bureau submitted to you two copies of a parole report with reference to Yvonne Burdette, who, on March 25, 1935, was sentenced to serve a term of five years in a penitentiary to be designated by the Attorney General. It has since come to the attention of this Bureau that Yvonne Burdette is presently incarcerated in the United States Detention Farm at Milan, Michigan.

With reference to Yvonne Burdette, I wish to submit to you the following information which will supplement the parole report mentioned hereinbefore. Miss Burdette has, since her incarceration in the United States Detention Farm at Milan, Michigan, cooperated with this Bureau in its efforts to successfully prosecute persons responsible for the abduction of Edward George Bremer, of St. Paul, Minnesota. During the course of the trial of Arthur R. ("Doc") Barker and several others in April and May of 1935, in St. Paul, Minnesota, Miss Burdette testified in behalf of the Government, and I can assure you that her testimony was of material assistance in disclosing the true facts with regard to this case and in assisting the Government in the prosecution of those responsible for the abduction of Edward George Bremer.

During January, 1936, a second trial was conducted in St. Paul, Minnesota, charging several other persons with complicity in the abduction of Mr. Bremer. At this time, Yvonne Burdette was subpoenaed and expressed complete willingness to be of assistance to the Government in this matter. It was found, however, that because of the abundant character of the Government's evidence, it was not necessary to use Miss Burdette in this instance. She did, however, on that occasion, furnish more complete and detailed information which had a material bearing upon subsequent investigations in this case.

Yours truly,

During June, 1936, Myrtle Eaton, the paramour of William Beaver, who has already been convicted in connection with the abduction of Mr. Breuer of St. Paul, Minnesota, was tried at Jacksonville, Florida, on a charge of having harbored and concealed William Beaver with knowledge of his fugitive character. During the course of that trial, Nynona Burdette was again subpoenaed and furnished testimony which again was of material assistance to the Government in the further successful prosecution of these cases.

I submit these facts to you as supplemental to the aforementioned parole report, with the thought that this information may be of assistance to you when Nynona Burdette again comes to your attention.

Very truly yours,

... John Edgar Hoover, Director.

INDEXED 7-5-16-1242
Special Agent in Charge  
Oklahoma City, Oklahoma

Dear Sir:

Reference is made to report of Special Agent L. E. Reed, Oklahoma City, Oklahoma, June 18, 1936, in which report was made that Alvin Karpis has been questioned concerning a certain incident with Attorney Lloyd A. Malone of El Reno, Oklahoma, during January or February 1936.

You are advised that Karpis has been questioned in connection with this matter by Special Agent S. K. Marks but he denies having any knowledge of the incident. He states that he knows nothing concerning a suitcase containing $50,000. Karpis did state that he was in El Reno, Oklahoma, during both 1935 and 1936 but he would not state his reason for being in the city. He claims not to be acquainted with any attorney in El Reno.

When questioned specifically as to Attorney Lloyd A. Malone, Karpis advised that the only attorney named Malone who is known to him is an individual in Kansas City, Missouri, with whom he has done business in the past. Karpis would not explain his business with this attorney. He stated, however, that his last contact with this man was in St. Paul, Minnesota, and same was relative to a business transaction. Karpis either could not or would not furnish the given name of the Attorney Malone who is known to him, and would only say the man was around 40 years of age.

The attitude of Karpis as indicated herein is consistent with his policy of not making any statement which has a tendency to affect another person in any way.

Very truly yours,

C. B. Stahl  
Special Agent in Charge

Dear Sir:

During the course of the investigation at Toledo, Ohio, concerning the activities of certain individuals in the city, consideration has been given to the allegations that certain persons, including Stella Kline, have been involved in the transportation of women between Toledo, Ohio, and Monroe, Michigan, for the purpose of prostitution. In this connection, it has been learned that Stella Kline has been residing in Toledo and has been involved in the transportation of women to Monroe, Michigan, for the purpose of prostitution.

Detective reports indicate that Stella Kline has been seen at her residence in Toledo on several occasions with women who appear to be in search of employment. It has been further reported that Stella Kline has been observed directing women to various locations in Monroe, Michigan, where they are believed to be employed in the prostitution trade.

For your information, on June 17, 1926, Detective W.P. Sullivan and I, interviewed Sheriff Hailley concerning the situation. Sheriff Hailley confirmed the allegations and stated that further investigation is necessary to establish the facts fully.

Yours truly,

[Signature]
...millions and 60,000 women to ascertain confidentially whether these women were leaving Toledo and entering the known houses of prostitution in Monroe, Michigan, as Agents did not want to conduct an open investigation of Monroe, Michigan, at the time, and Sheriff Bairley stated that it would be nothing out of the ordinary for him to make a check at these houses as a matter of routine business. Agents drove to the vicinity of the wild woman's house, but did not enter. Sheriff Bairley entered and ascertained that there were two prostitutes there, one being known as Millie and the other was a girl whose last name is unknown. Both of these girls are alleged to have worked for Stella Blyde for quite some time. Apparently when Sheriff Bairley made these inquiries he divulged the fact that the inquiries were being made at the request of Bureau Agents. It is not known whether the sheriff did this intentionally or through indiscretion.

For your further information it was learned through Sheriff Bairley and Detective DeLong that other known houses of prostitution at Monroe, Michigan, are as follows:

- 190 W. Chestor St., operated by John Brown, alias Brother, this house has one prostitute, Miss Millie, this man has been working for her.
- 1573 S. 1st street, operated by Frank Hille, this man has two prostitutes in his employ named Anne and Kate, Miss Brown.

It is requested that your office conduct the appropriate investigation in Monroe, Michigan, to ascertain whether these and the wild woman are violating the white slave traffic laws. The various prostitutes named above may furnish information concerning this.

A copy of the report of Special Agent at G. Burns, Cleveland, Ohio, dated June 12, 1926, submitted in the K-XIU case, is being transmitted herewith for your information.

CHARLES (LUCKY) LUCIANO upon interview at Sing Sing Prison in regard to other matters was incidentally questioned as to whether he was ever in contact with KARPI S either at Hot Springs, Arkansas or at New York City. LUCIANO denied emphatically knowing KARPI S or of ever meeting him or his associates anywhere, asserting that the only knowledge he had of Karpis was what he had read in the newspapers.

REFERENCE: Report of Special Agent B. L. Damon, Little Rock, Arkansas, 4/16/36.

DETAILS: CHARLES (LUCKY) LUCIANO who has recently been convicted in state court at New York City on a charge of compulsory prostitution and sentenced to from 30-50 years in Sing Sing Prison, was interviewed by Special Agent George J. Stare and the writer at the above mentioned penal institution.
The interview with LUCIANO was conducted in an effort to elicit from his information concerning his knowledge as to the motive and identity of persons who killed MICHAEL J. LINARP, alias near Highland, N.Y., on August 19, 1930, as well as the circumstances leading to the shooting of "Dutch" SCHULTZ, a notorious racketeer in New York City. The results of this interview with LUCIANO will be covered in separate reports.

LUCIANO was also questioned as to whether he had had any contact with ALVIN KARPIS while he, LUCIANO, was in Hot Springs, Arkansas or whether KARPIS had communicated with him in New York City at any time. LUCIANO informed agents that at no time anywhere had he met KARPIS nor had he any desire to do so, asserting that he and KARPIS were engaged in entirely different racketeers. He stated that of course he was familiar with the fact that KARPIS was being sought by this office and while at Hot Springs, Arkansas he had read in the newspapers of the unsuccessful raid on a farmhouse located near Hot Springs, Arkansas, where KARPIS was thought to have hidden away. Aside from that, LUCIANO declared he has no knowledge of KARPIS and never contacted him or any of his associates.
MEMORANDUM FOR Mr. TAMM

This will advise you that Mr. R. L. Neofe, Post Office Inspector, called me with regard to the ballistic examination which was being conducted of specimens of the bullet and cartridge jacket submitted to me for a ballistic examination by the Laboratory. I advised him that the Laboratory had positively identified the bullet and cartridge jacket as having been fired from a .45 caliber automatic pistol taken from the possession of Harry Campbell at the time of his apprehension by Bureau Agents at Toledo, Ohio, May 7, 1936. He informed me it was his desire that the Bureau hold the specimens until either he or Mr. S. J. Rettrick should call for same.

Respectfully,

K. R. McIntire.

Card #8210, dated Oct. 12, 1933, E. L. Heads and A. E. Heads, Deadwood, S.D.

Appropriate leads to have these individuals discreetly checked are being herein set out.

AT DEADWOOD, SOUTH DAKOTA:

Agent checked at all of the hotels and ascertained that E. J. McCafferty, who presumably, according to the report of Special Agent P. L. Welch of reference, had gone to Deadwood, S. D., had approximately two months prior to this investigation been a resident at the Fairmont Hotel, Deadwood, S. D., at which time he had with him a party by the name of Perkins. Mr. Beaverly, Manager of the Fairmont Hotel, advised Agent that he knew this party by sight and that approximately five months ago he had spent almost two weeks at the Fairmont Hotel, having with him at that time a party by the name of Perkins, and that approximately two months ago he had spent three or four days there. Mr. Beaverly knew McCafferty as being a gambler and general "coon" man. Mr. Beaverly called in Basil Johnson, Assistant Clerk of this hotel, who also advised that about two months ago McCafferty was at the hotel, and had with him a party by the name of Perkins, who was crippled in the shoulders. However, she stated that this man would not answer the description of "Humpy", whose name is Bert Daniels, described in the report of Special Agent Welch, inasmuch as he was well over six feet tall. She stated that these two parties had spent a few days at the hotel; that they had separate rooms; and that it was McCafferty's usual procedure to attempt to play around with the chambermaids on every opportunity.

Agent requested that these two individuals immediately notify the Aberdeen Bureau Office in case McCafferty should again register at this hotel, in order that he might be interviewed. This both promised they would do.

Mr. Walter Phelan, Assistant Postmaster, Deadwood, S. D., and Post Office Clerk Joe Marst, were contacted, and it was ascertained that Joe Marst personally knew McCafferty, and that he had been receiving mail at the General Delivery window at Deadwood, S. D., upon almost every occasion that he appeared there. He stated that it was the usual procedure for McCafferty to receive a special delivery, airmail letter upon almost every occasion that he was in Deadwood, S. D. Mr. Marst further advised that he was particularly well acquainted, having been on the General Delivery window for a good number of years, with most of the underworld characters in that town, and volunteered upon his own volition and at the suggestion of Assistant Postmaster Phelan, to go out and contact some of his friends discreetly to ascertain whether or not McCafferty was at that time in Deadwood, S. D. Mr. Marst then went out and made some discreet contacts, and ascertained that McCafferty was well known in
Deadwood, S. Dak., but that he had not been there for a period of several weeks. That it was the general opinion of his contacts that this individual was at the present time in Rapid City, S. Dak., at one of the night clubs, taking care of a gambling establishment. That probably the only reason he was not in Deadwood was because of the recent liquor and gambling raids which had been conducted by the South Dakota State Department of Justice and the Sheriff's Office, Deadwood, S. Dak., under the direction of the Mayor.

Mr. Walter Fleishan and Mr. Joe Marent advised that they would immediately notify the Aberdeen Office upon receipt of any information as to the present whereabouts of E. J. McCafferty, and immediately notify the Office in case he should again call for mail. Mr. Marent stated that he would be glad to get whatever information he could in a discreet manner around Deadwood, as to the present location of this individual. He stated that it was the general belief in that community that E. J. McCafferty was a resident of Valentine, Neb.

Agent contacted Chief of Police Lem C. Shaggs, Rapid City, S. Dak., and Sheriff A. E. Sobot, regarding the present location of E. J. McCafferty, and they stated that they did not know him, but that they would make a discreet surveillances of the night clubs and gambling establishments in that county, and upon receiving any information as to his present location would immediately notify the Aberdeen Bureau Office.

Due to the fact that Agent was called away on urgent business, further investigation could not be conducted in Rapid City. It is, however, anticipated that the Chief of Police and the Sheriff at Rapid City will do their utmost to locate this individual and notify the Aberdeen Office.

UNDEVELOPED LEADS:

The ST. PAUL OFFICE, at Minneapolis, Minn., will attempt to ascertain the identity of W. B. Long, who registered at the Alex Johnson Hotel.

The CHICAGO OFFICE, at Chicago, Ill., will attempt to ascertain the identity of J. F. Long, who registered at the Alex Johnson Hotel.

The OMHA OFFICE, at Stanwood, Neb., will ascertain the identity of E. L. Meade and E. B. Meade who registered at the Alex Johnson Hotel on Oct. 10, 1928.

At Valentine, Neb., will make discreet inquiry in an attempt to locate E. J. McCafferty at that place and question him regarding any information he may have as to the present location of William Elmer Meade.

The ABERDEEN OFFICE, at Deadwood, S. Dak., will, within a reasonable time, again contact Mr. DeMerry of the Fairmont Hotel relative to any
information he may have obtained regarding the present location of R. J. McCafferty. Will contact Walter Phelan and Joe Marnet in the same premises.

For the information of those offices who have not received copies of the report of reference, it is believed that R. J. McCafferty, according to reference reports, is a known contact for William Minor Meade, and may have in his possession information which would lead to the location of that party. R. J. McCafferty is a known gambler and confidence man, and usually resides at middle-class hotels, and frequents gambling establishments and night clubs where gambling games are being held. He is considered to be an extremely good dresser, has graying hair, is approximately six feet in height and about 160 pounds in weight. Investigation by the Denver Office at Casper, Wyo., reflects that in the fall of 1933 one Roy Williamson and William Minor Meade went to Riverton, Wyo., on a fishing trip. Williamson and McCafferty are well acquainted, and McCafferty would possibly know something regarding the present location of Meade.

Congressman Montgomery of Pennsylvania called and advised that Dennis Stoll of Altoona, Pennsylvania was in his office claiming he has given some valuable information from time to time to the Department of Justice at Pittsburgh and asking complaint that representations were given his concerning a reward. He said he was referring Mr. Stoll to the Bureau and I advised him I would have someone talk to Mr. Stoll when he arrived.

Jack Smith will be interviewed relative to this matter and efforts will also be made to locate the taxi driver, Rama.

It is requested that you conduct an investigation at Battle Creek, Michigan, relative to Mitchell. It is suggested that your office interview the girls who may now be employed by Mitchell, as well as any others who have worked for him in the past, to determine whether they have been transported in interstate commerce in violation of the White Slave Traffic Act. Mitchell is stated to be the successor in interest of Walter Steinhauser at Battle Creek, Michigan, in the operation of houses of prostitution.

The inquiry at this place should be thorough and the girls interviewed under suitable conditions to invite their airing if they have been induced to travel interstate for the purpose of their present practices. Suitable inquiry should also be made to prove this place is being operated as stated. This can very easily be made the basis of the usual inquiry to establish criminal violations under the provisions of the act, at Battle Creek, Michigan.

MEMORANDUM FOR THE DIRECTOR

RE: EXERCISE

Reference is made to my previous memorandum submitted to you in connection with John Egan, Attorney at Mayfield, Ohio, who wrote to the Clerk of the United States District Court at Miami, Florida, inquiring concerning the disposition of the case against Dolores Delaney, who received a sentence of five years. You will recall that this man was interviewed telephonically by Agent McKeer sometime during August, 1935, at which time he explained that he inquired into this matter merely through curiosity. Egan has recently been interviewed by Mr. E. J. Connelly and refused to answer any questions, stating that he would not disclose anything with reference to this matter; that he did not know whether he would be retained in the future in the interests of these clients, and that he would refuse to answer on the ground that it was a privileged communication as between an attorney and his client. He positively denied that he had ever seen Karlebi or that he had ever entered into any legal matters in behalf of Karlebi. While no definite information along these lines was obtained from Egan, he was definitely given to understand that, although the Bureau was not threatening him in any manner, it was the belief of investigating agents that he had gone beyond the scope of the so-called privileged communication between attorney and client, and that his conduct in connection with any such matters in the future would be under the close scrutiny of representatives of this Bureau, to the end that he might be prosecuted if it were found that he was responsible for harboring or conspiring to harbor anyone for whom a Federal process had been issued.

Previous investigation into the telephone calls made by Egan disclosed that on May 23, 1935 he telephoned to one Joe Roscoe at Walbridge 0965, Toledo, Ohio. Joe Roscoe is none other than Joe Roscoe, who has been a well known contact for members of the Karlebi-Barker gang in Toledo, Ohio. It would, therefore, appear that the intermediary between Karpis and Egan was Joe Roscoe. Mr. Connelly has indicated that the assistance furnished by Joe Roscoe to members of the Karpis-Barker gang will be the subject of further investigation in the near future.

JUL 2 1936

REDOCS

10/7-7-36-1218
Investigation has gone forward in Toledo, Ohio in an effort to disclose police corruption and any information which might show any activities on the part of the Police Department in harboring or conspiring to harbor members of the Karpis-Barker gang. It is interesting to note that in making investigations at several houses of prostitution in Toledo, the inmates and the madams thereof have advised that they have operated for a period of many years, one house having operated as long as 29 years, having very few interruptions by virtue of police interference. The fines have always been small, usually $10 or $15, and sometimes the police have given warnings to close up these houses, but these warnings have been given only at times when there was an alleged "clean-up" or just preceding an election.

You have been previously advised that Ted Angus has been considered an underworld lord in Toledo and has at times been considered the collector of pay-offs from houses of prostitution and gamblers. Mrs. Edward Joyce, alias Maud Noble, who is the operator of a house of prostitution at 50 Wabash Street, Toledo, Ohio, has advised that about four years ago an individual unknown to her told her that she would have to pay $100 per month or she could not run her house; that she immediately contacted former Mayor Kick and he advised her not to pay anything to anyone; that as long as she operated an orderly house she would not be bothered. She further stated: "When I was operating a house at 202 Erie Street about four years ago one of the other sporting house operators told me that if I wanted to run my house unmolested I had better get out and see Bert and Ted Angus at the Old Casino. I went out to see Ted Angus and he took me into the wine room and told me that if I wanted to get in the 'ring' it would cost me $100 a month, and he wanted it in advance or before the month was up. He said I would have to bring it out to his at his place and if he was not there just put it in an envelope and say it was for Ted and who it was from. A couple of days later I went back to see Ted Angus and paid him $50. He was not at the Old Casino and I left it in an envelope with the man behind the bar and said 'It is for Ted.' I made two more trips to the Old Casino and made two $25 payments before the month was up. I only paid the one month protection money and after that month when I did not pay any the vice squad would go through my house and arrested me once. They made it so miserable for me that I closed my house."
Reference is made to previous memoranda in which I advised you concerning the status of the appeal on behalf of Harry Sawyer and Cassius McDonald. You were advised that the bill of exceptions to be submitted by McDonald and Sawyer was to be settled by June 15th. Information has now been received from the St. Paul Office to the effect that the bill of exceptions on behalf of McDonald was settled on June 11, 1936, while a similar bill on behalf of Sawyer was settled on June 14, 1936. The United States Attorney's office at St. Paul has advised that a letter has been directed to the Attorney General, requesting advice on the interpretation of certain Supremes Court rules, and the St. Paul Office has advised that if the Attorney General agrees with the United States Attorney at St. Paul on the interpretation of these rules, that office may file a motion before the Circuit Court of Appeals to strike the bills of exceptions. There is, therefore, no definite indication at this time as to when this appeal will be settled, since the United States Attorney's office at St. Paul has advised that the question of settling these appeals will be at the pleasure of the Circuit Court of Appeals.

RE: AFFID.

Dear Sir:

Referring to communication of June 2, 1936, addressed by Special Agent in Charge E. J. Connelley from St. Paul, Minnesota, to the New Orleans Bureau Office pertaining to the disposition to be made of personal property of subjects Campbell, Kemp, and Hunter, you are advised that at the time of the raid on March 50, 1936, near Malvern, Arkansas, certain personal property was taken from the premises believed to have been occupied by Kemp and Hunter, a list of which was made at the time by Special Agent H. P. Cruise. A detailed list prepared by Agent Cruise in memorandum form is attached to copy of this communication for the information of the Bureau and a list is also being attached to copy of this letter indicated for the Chicago office.

The property mentioned in this list is presently stored in the vault at the Little Rock office and inquiry is made of the Bureau as to the disposition to be made of this property. Attention, however, is being directed to Page 3 of this memorandum, Line 21, which lists one woman's dress, black with black cloth belt. It is desired that this woman's dress be retained for the present at the Little Rock office as it is not the property of any of the subjects of this investigation but, for the confidential information of the Bureau, has been identified as the property of a confidential informant of this office. I have discussed with Special Agent in Charge Connelley the advisability of retaining this dress at the Little Rock office for its moral effect upon our confidential informant and unless otherwise instructed by the Bureau, this dress will be held here pending such disposition as the Bureau may desire to make of it at some later time.

SHOOK DEPORTED
In connection with other property mentioned in the memorandum, it is stated that Mr. John Karpovich has called at the Little Rock Office and informed the writer that his son, Alvin C. Karpovich, informed him that he had left certain personal belongings at the house raided near Malvern and desired that his father, John Karpovich, take possession of this property. I informed Mr. Karpovich that it would be necessary to secure the advice of the Bureau as to the disposition of this property and he, therefore, informed me that he would be unable to wait here for its delivery but would proceed to his home at Chicago, Illinois, and requested that this property be shipped to him by Railway Express, collect, to 5448 N. Francisco Avenue, Chicago, Illinois.

Kidnapping.

Dear Sir:

Reference is made to your letter of June 9, 1936, in which you advise your office is in possession of the personal effects of Alvin Karpis which were taken from the home previously occupied by his near relatives, Arkansas.

For the information of the St. Paul office, there is attached herein a list of the personal effects of Alvin Karpis, which list was furnished to this Bureau by the Little Rock office. It is desired that the St. Paul office immediately interview Karpis, ascertaining from him the disposition which he wishes to have made of these personal belongings. It is desired that the St. Paul office obtain from Karpis a signed order to this effect, so that the proper disposition may be made of the same.

Reference is now made to that portion of your letter in which you advise your office is in possession of a woman's dress which will be held by your office until appropriate instructions for its disposition are received from the Bureau.

This will instruct you to make appropriate disposition of this dress to the person entitled to it. There would appear to be no good reason for retaining possession of the dress any longer.

MEMORANDUM FOR THE DIRECTOR

Re: Alvin Karpis.

E. J. Stein telephoned me from the St. Paul Office and said that this morning, the Sheriff's Office at St. Paul brought to the Office a letter received by them from Sanford Bates, Director of the Bureau of Prisons. The letter is dated June 25, 1936 and reads as follows:

"This is to advise you that we have authorized representatives of the Post Office Department to interview Alvin Karpis in the Ramsey County Jail. You are requested to make arrangements so that these representatives upon proper identification may interview Karpis privately. The letter in question is addressed to Mr. Thomas J. Gibbons, Sheriff, Ramsey County Jail, St. Paul, Minnesota."

I told Mr. Stein that in so far as he is concerned, and until notified to the contrary, his instructions are to keep an Agent with Karpis at all times, and no one is to interview Karpis except in the presence of a Bureau Agent. I told Mr. Stein I would confer with you about this situation and see what you want done.

Time - 10:50 A.M.

I telephoned Mr. Stein and told him that your instructions are for him to keep his Agent in there at all times. I told him that if the P. O. Inspectors come up there to interview Karpis, there doesn't appear to be anything we can do to stop them, but we can have our man there at all times.

Enclosed is the report of Special Agent C. E. Smith, dated at
Cleveland, Ohio, June 26, 1936, which contains information on pages thirteen and fourteen, relative to ships' papers which in 1934 and 1935, were on board
ships of the Pittsburgh Steamship Company, tied up in the lagoon at Bay
View, Toledo, Ohio.

It is requested that you check with the Pittsburgh Steamship Com-
pany at Saults Ste. Marie, Michigan, securing information with reference to
the sailing schedules of the various boats on which the ships' papers are now
employed, in order that these men may be interviewed at such times as the
boats dock for any length of time.

Particular attention should be given to the case of Cliff Bar-
ker, which should receive immediate attention, as he is an important witness,
and it is desired that he be interviewed as soon as possible.

The lagoon at Bay View is located near the Casino Club, which,
in 1934, was operated by Bert and Ted Anger. Present information indicates
that the ships' papers were frequently seen at the Casino Club for liquor.
Shortly after the release of victim Brewer on February 4, 1934, various members of
the Barker-Krupp gang moved into Toledo, Ohio, where they were "set in"
with the Anger brothers by Willard Trigg. It is known that George,
Dolores Tipton, Harry Summell, Williamするとmitted, Jimmy Ralston, Dr. Joseph
P. Anger, Fred Anger, Frank Lager, William Avila, and Dick "Cockeyed"
Dobson, visit the Casino Club, at various times during the period the gang was in Toledo, Ohio, in
1934, where they associated with Bert and Ted Anger on friendly terms.
George Trigg, a captain in the Detective Bureau of the Toledo, Ohio Police
Department is also reported to have associated with various members of the
gang at the Casino Club, under such circumstances as to indicate that he
knew the identity of the gang. His photograph is being enclosed.

The former ships' papers should be interviewed with reference to
any visits paid by them to the Casino Club; whether they ever observed any
of the members of the Barker-Krupp gang at the Casino, and if so, under
what circumstances; whether they ever observed Captain George Trigg at
the Casino, and if so, under what circumstances, and whether he was in
association with any members of the gang. They should also be questioned as
to the identity of all employees of the Casino Club, and the names and addresses of all persons known by them to have visited the club.

It is suggested that in the event you do not have recent photographs of the various members of the gang mentioned herein, you request the Chicago office to supply them.

You should not endeavor to interview Charles Becker, inasmuch as Special Agent in Charge J. J. Connolly may desire that he be interrogated by an agent familiar with the entire situation at Toledo, Ohio, however, every effort should be made to secure his address.

Very truly yours,

J. F. McELLIGOTT

Dear Sir:

Reference is made to the letter from the Salt Lake City office to the Los Angeles office dated May 29, 1936. For the information of the Portland office, we apparently did not receive a copy of reference letter. The Salt Lake City office advised the office that in connection with the mail cover which had been placed on the mail of WILLIAM A. ELMER, Broadway Hotel, 222 West Broadway, Salt Lake City, and was formerly connected with WILLIAM ELMSHEAD, and known to be a contact of Lees, the following tracing was forwarded to the Los Angeles office for handling:

To Mr. Ed, Swaim, Broadway Hotel, Salt Lake City, Utah,
Postmarked Los Angeles, California, April 29, 1936.
May 29, 8 am, from Mr. E. H. Patterson, Elks Club, Los Angeles, California.

The letter from Salt Lake City further stated that there did not appear to be a similarity between the tracing received and the specimen of Lees's handwriting appearing on the identification order. It was suggested, however, that the Los Angeles office determine the identity of Patterson through appropriate investigation at the Elks Club.

Special Agent R. B. Lackie of this office interviewed GEORGE QUIST, Chief Clerk of the Elks Club, Fifth and Park View, Los Angeles, who advised that R. B. Patterson had never resided at the club but that he had been coming there off and on for the mail for a period of three or four years. He further advised that Patterson had quit the club several days ago leaving the forwarding address, 107 First Avenue N., Seattle, Washington, Inc. Quist stated that he had no information relative to Patterson's identity or just what his business was. Mr. Quist stated that during his conversation with Patterson, Patterson mentioned the fact that he had done considerable traveling and had recently been in Florida. He furnished the following description of Patterson:

- Age: 40 to 45 years
- Height: 5'9"
- Weight: 150 to 160 lbs
- Hair: Brown
- Eyes: Unknown
- Occupation: Unknown
- Marital status: Unknown

SYNOPSIS OF FACTS:

Records of the Burleson Sanitarium at Grand Rapids, Michigan reveal that Mrs. Albert Edward Hill, 532 South Broadway, Urbana, Illinois, was a former patient that she still has not paid her bill, and that the sanitarium corresponded with her often relative to payment.

REFERENCE:

Report of Special Agent J. B. Bunch dated 6/26/66 at St. Louis, Missouri.

DETAILS:

In the absence of Mr. C. B. Blake, business manager of the Burleson Sanitarium, his stenographer searched their files and advised that Mrs. Albert Edward Hill of 532 South Broadway, Urbana, Illinois, was a former patient of the sanitarium and that she had not paid her bill. The stenographer was unable to secure the correspondence in the case due to the fact that Mr. Blake had it locked in his safe and he was away on a vacation; however, she advised that it was the custom of the sanitarium to write the former patients who still owed bills, and unless they admitted or answered in due time a registered letter was sent them to make certain that they had received the communication and that there was certain that this was the registered letter received by Mrs. Hill. She advised that Mr. Blake would be glad to furnish Agent with a copy of the correspondence upon returning from his vacation; however,
Agreed to by him that it pertained to business of the cemetery it would be of no interest in this case.

"I, Leon Felix, make this statement to R. T. Booms, Special Agent of the Federal Bureau of Investigation, of my own free will.

I have known William Kanipe about fifteen years. The last time I spoke to him was in the Colorado State Penitentiary, Canon City, Colo., in 1928, and the last time I saw him was in New York City in 1929. On this latter occasion when I saw him...

in New York I did not speak to him but saw him on the street, the corner of 70th and Broadway, in front of the Embassy Hotel.

The same year, 1928, I went to California, and was there until May 1930. I lived in the Willett Apartments, Los Angeles, Cal., for about two years, also at Elgin Hotel, and many other places the names of which I can not recall that this time. In March 1928 I was arrested in Los Angeles in my home and a gun was found in my place. I got a year in the County Jail at Los Angeles on this charge of owning a gun and having it in my possession after having been previously convicted of a felony. I served fourteen months all told including the time I was in jail before trial on this charge. I was released on this charge May 4, 1930, and was immediately taken into custody by the post office inspectors for the offenses at Jacksonville, Fl., committed in 1921, and was removed to Jacksonville where I was sentenced to a term of 18 months in Atlanta Federal Penitentiary. I had been released from the Colorado State Penitentiary in 1928 and the Government made no request that I be turned over to them at that time. The charge at Jacksonville, Florida, was one committed jointly by William Kimer Mead and myself, and we were both indicted for this offense.

The latter part of May 1932, at Jacksonville, Fl., in the office of the United States Marshall, I learned that Mead had jumped a $10,000 bond, after having been picked up in Chicago, Ill., either 1933 or 1934. Since then out of the Penitentiary the last time, Nov. 20, 1932, I have seen the posters in nearly every post office I have been in to the effect that William Kimer Mead is wanted for the same crime that I was convicted of, that is, for using the mail for a fraudulent purpose. I also state that I know what the harboring law is, that I understand I would be harboring William Kimer Mead if I was to associate with him, live with him, assist him in any way, protect him, or hide him. I have been told that there is information to the effect that I was with Mead in Jacksonville, Fl., during January 1924. This information is false and I repeat that I have not seen William Kimer Mead since 1928, and have not seen his wife since about 1928.

I have read the above statement and the same is true.

Witness:

LEON WELIX

R. T. HODGKE, Special Agent,
Federal Bureau of Investigation,
U. S. Department of Justice,
St. Paul, Minnesota.
During this interview Felix further advised, as previously stated, that he had seen Joe Phillips in Jacksonville, Florida, during the past winter and that Phillips was arrested a couple of hours after he, Felix, saw him. The other confidant men whom he saw in Florida in January 1936 were as follows: One Weber, address unknown, and Joe Moore or Moore, correct name thought to be Major, who at one time was from Minneapolis, Minnesota. Felix stated that he remained only three days in Jacksonville, Florida, and therefore did not make any contact with these parties for the purpose of pulling any confidence game. During this interview Felix stated that it was true that he had been promised only a three months sentence in 1934 if he would plead guilty, and he paid an attorney $1,000.00, with the understanding that he was to get only three months. However, upon his plea of guilty he was sentenced to 18 months in the Atlanta Penitentiary. He repeated that he had not seen or had not contacted Mead at West Palm Beach or Jacksonville, Florida, or any other place, and that if Mrs. Mead states that he did she is a deliberate liar, that he would not speak to her if he did see her, nor to HAMER/Mead; that nothing either of them could do would rectify the wrong which they had done to him. He would not elaborate on this alleged wrong, but said it was something that had happened while he was in jail in Denver, Colorado, and had embittered not only himself but ten or twelve other inmates against Mead and his wife.

With reference to Mead's wife, Felix stated that wherever she is her husband, William Huber Mead, will not be far away and feels sure that they are in touch with each other. Felix also advised that he had heard from some source which he could not recall that Mead had been in San Antonio during the past winters. He stated that a few years ago when there was a "riff" in most every town, he could have located Mead in a very short time, but advised that at the present time it would be very difficult to do so. However, he stated that he will try to locate Mead and if he gets any information concerning him will notify the St. Paul Office.

A communication was addressed to the Chief of Police at Rochester, Minnesota, under date of June 19, 1936, asking for Identification Orders on Mead, requesting that any information be forwarded to the St. Paul Office.

Inquiry at the St. Paul Police Department revealed that G. Miller, alias J. J. Miller, alias F. A. Morgan, is known thereat.

Ray Harrington, Identification Division, Minneapolis Police Department, was unable to locate record of G. Miller, alias J. J. Miller, alias F. A. Morgan. An extensive search is being made to locate a circular in April 1932 which might contain this party's photograph and criminal record, and if same is located the St. Paul Office will be notified.
UNDEVELOPED LEADS:

Will report any information received as to the location of KEAN or other confidants men at Rochester, Minnesota.

PERSONAL AND CONFIDENTIAL

Director
Federal Bureau of Investigation
Washington, D.C.

Dear Sir:

Yesterday Special Agent A. S. Reeder had occasion to interview Colonel Wint Smith, head of the Kansas State Highway Patrol. In the course of the interview Colonel Smith stated to Agent Reeder that he was very indignant over the publicity arising out of the capture of Alvin Karpis, stating that publicity had been issued out of Washington which would indicate that information leading to the apprehension of Alvin Karpis was secured solely by Agents of the Bureau. Colonel Smith stated that the information which had resulted in Karpis' capture had in fact been obtained by one of his men; namely, Joe Anderson, who had the information in his possession through statements taken from Burhead Ready, an inmate of the Oklahoma State Penitentiary.

Colonel Smith seemed to believe his organization had been slighted in not getting credit for this capture. Agent Reeder did not discuss this matter with him in any way nor did he make any remarks in answer to the statements made by Colonel Smith.

This is being forwarded to the Bureau for its information and appears to be another indication of the temperamental and prist down attitude assumed from time to time by Colonel Smith. The activities of Colonel Smith indicate that he is an individual who is desirous of receiving as much publicity as possible.

In this connection Special Agent A. S. Parland advised me that yesterday he had occasion to speak to Deputy Warden E. M. Stubbsfield, of the Kansas State Penitentiary, who confidentially advised that W. G. West, former Clerk of the United States District Court, at Topeka, Kansas, and now Republican candidate for Governor of Kansas, was planning to take a trip to Washington, D.C., and that Colonel Wint Smith indicated he desired to accompany Mr. West to Washington. According to Mr. Stubbsfield Governor Landon informed Colonel Smith that he was to remain in Topeka and the Governor indicated that the reason for keeping him in Topeka was that he had been seeking too much publicity already, and that the Governor feared that if he took a trip to Washington it would result in some sort of additional publicity for the Colonel.
In view of the attitude of Colonel Smith in connection with the apprehension of Alvin Karpis, which has, of course, no basis in fact, and appears to be pure fabrication on the part of Colonel Smith, it is deemed inadvisable for agents of this office to contact Colonel Smith or the Kansas State Highway Patrol any more than is absolutely necessary in connection with investigation of cases of mutual interest, and unless the Bureau instructs to the contrary this procedure will be followed.

Very truly yours,

I don't believe we should argue words with this "reputable" publicity seeking, "phoney" Colonel Klop, Smith of the Kansas State Highway Patrol, and with reference to the letter of Special Agent in Charge W. A. Smith, dated June 17, 1936, in which Smith informed Agent A. F. Reeder that he was very impressed over the publicity arising out of the capture of Alvin Karpis, since "the information which had resulted in Karpis' capture had in fact been obtained by one of his men. I believe we should address a letter to Smith in the form of the suggested letter attached hereto, advising him that the Bureau has learned of his claim and desires to inform him that Karpis was apprehended solely upon information developed by this Bureau.

Respectfully,

E. A. Tate.

Dear Sirs:

I have been advised of a recent statement made by you to Special Agent A. E. Kester of this Bureau, in which you expressed dissatisfaction over the publicity arising from the recent capture of Alvin Karpis in New Orleans, Louisiana. As I understand it, you object to the Bureau receiving credit for this apprehension, expressing your belief that the information which caused said apprehension was developed by an officer of your organization.

I feel certain that you have been misled by inaccurate information transmitted to you in this case. In order that you may be fully informed relative thereto, I desire to advise you that information leading to the apprehension of Alvin Karpis was developed solely by Special Agents of this Bureau. It is not and never has been my intention to claim exclusive credit for any apprehension of criminals effected by the Bureau. I cannot, of course, control the nature and extent of the publicity arising through the columns of the press in cases of this kind. My personal feeling is that in most enforcement successes of this type there is sufficient glory for all officials who have performed any work on these cases, local, state and national, and I deplore and deplore any possible tendencies toward resentment, envy and jealousy that might arise in connection therewith.

I am certain that upon being advised fully as to the facts in this particular case you will feel that any feeling of resentment was entirely unjustified.

Very truly yours,

Dear Mr. Smith:

With reference to your letter of June 17, 1936, advising of the attitude of Colonel Hint Smith, Superintendent of the Kansas State Highway Patrol, toward this Bureau because of his belief that there has been a conspiracy to procure the apprehension of Alvin Karpis, I desire to inform you that I have confered with Mr. Smith, and he assured me that he is desirous of having the facts fully investigated and that he will cooperate with the Bureau in securing the apprehension of Karpis.

Your letter is in line with the desires and wishes of the Kansas State Highway Patrol, and I believe that it is the duty of all law enforcement agencies to cooperate with each other to the fullest extent possible.

I have attached hereto a copy of a letter which I have today addressed to Colonel Smith.

MEMORANDUM FOR THE DIRECTOR

Re: BREDSD

No information of an evidentiary character relative to
harboring charges in Toledo or Cleveland has yet been developed.

The investigation has been going forward in an effort to develop confidential
informants, who may be able to produce information of value. Signed statements have been
obtained from Gertrude Billerster, the woman who married Harry Campbell.

Previously, the man she entertained Campbell at the Groumet Grill

Esther Goulet, alleged sweetheart of Sheriff James O'Reilly of Toledo,

Ohio, insured McGraw and his wife Clara McGraw, who operate a rooming

house which is generally considered to be a house of assignation.

At 201 S Adams Street, Toledo, Ohio, where Campbell is alleged to

have first become acquainted with Gertrude Billerster. Each of the

persons interviewed have denied knowing the true identity of Harry

Campbell. The McGraws declined to furnish information which would

indicate the manner in which Campbell came to their place, or his

true identity. They have admitted, however, that he came there for

the purpose of obtaining board and room and did live there for some

time before he met Gertrude Billerster.

A confidential informant of the Special Agents working in

Toledo, has advised, however, that he recently held a conversation

with one "Joker" Kennedy, at which time, the informant asked Kennedy

what crazy monkey would have guts enough to introduce Campbell to

an outfit like McGraw's - whereupon Kennedy stated "You'd be sur-

prised," and then advised the informant that one Roscoe had brought

Campbell to McGraw's place. Kennedy advised the informant

that the reason he knew this was that he was standing in front of his

rooming house on Adams Street at one time, when Joe Roscoe came down

cut of McGraw's rooming house next door to that of Kennedy's, whereupon

Roscoe asked him, "Kennedy, what are you doing around here?", and

Kennedy told him he lived upstairs, whereupon Roscoe advised Kennedy

that if he had known that he would have turned his over a good customer

and a good roozer, and that the party was a "little term". "Joker"

Kennedy advised the informant that Campbell had stayed at the McGraw

rooming house for five or six months, that Campbell, Edward McGraw

and Mrs. Clara McGraw would go out to beer parlors together, and that

then they introduced Campbell to anyone, they would introduce him as

harboring charges in Toledo or Cleveland has yet been developed.
Mr. McCraw's relative. This information is probably accurate, because it is known that Campbell went to live at the McCraw home during April 1935, and married Gertrude Billette on May 29, 1935, at Bowling Green, Ohio, and that Campbell and his bride lived at the McCraw residence for some time after their marriage. In addition to this, the statement of "Joker" Kennedy would appear to be the more credible, because Gertrude Billette has advised that when she first met Campbell, she was introduced to him by Clara McCraw, who introduced Campbell as her, Clara McCraw's cousin. It would, therefore, appear that Joe Rapec is the center about whom investigation will have to be conducted, and that it was he who enticed Campbell in Toledo for several months prior to Campbell's apprehension.

Investigation has also been conducted in the vicinity of 2631 131st Street, Toledo, Ohio, where Harry Campbell and Myron Burdette resided from April 3, 1934, to August 3, 1934. Mr. Albert Drew, living next door to the said residence, at 2621 131st Street, has advised that during the summer of 1934, while he was living next door to Harry Campbell and Myron Burdette, he considered the persons occupying that residence as suspicious, that he took the license numbers of two cars parked behind the house and never placed in the three-car garage, furnished these numbers to Art Langendorf, but that no further investigation was conducted, except to establish that the license plates were issued to an individual at 631 St. Clair Street, Toledo, Ohio, which is a gambling joint.

In connection with Detective Art Langendorf, it is interesting to note that Captain Hennessy and Detective Ford of the Toledo Police Department, who are considered perfectly reliable, have furnished information to various Special Agents in the past, and have advised that Arthur Langendorf, who in 1934 was stationed largely at police headquarters, was in a position to, and did, furnish information to the underworld with regard to the operations of Federal officers in Toledo. It would, of course, appear that if proper investigation had been conducted by Langendorf upon his receipt of the information concerning the license numbers, the location and identity of the Karpis-Parker gang would have been learned and their apprehensions effected at a much earlier date.

In connection with the investigation presently being conducted by Special Agents in Toledo, it is interesting to note that the agents temporarily obtained from Colonel C. L. Whitney, Investigator in Charge,
Enforcement Division, Alcohol Tax Unit, Toledo, Ohio, a copy of a survey of police conditions in Toledo, Ohio. Colonel T. A. Smith apparently made this investigation for City Manager Johnson, and the report was made to him. A copy of the survey is contained in the report of Special Agent E. F. Smith, dated at Cleveland, Ohio, June 21, 1936, and it appears to be a splendid piece of work, disclosing with considerable detail therein the corrupt condition in the Toledo Police Department. Among the highlights in the said survey, it is interesting to note that Detective Rogers of the Toledo Police Department is married to a girl who formerly operated as a prostitute; that Detective Sheets is married to a girl who likewise operated as a prostitute; that Patrolman Scott is married to some "street hustler", he, Scott, having lived with her for some time and finally having been compelled by Chief of Police to marry her; and that Fred Pokorny now associates with a girl named Peggy Williams, who is apparently a prostitute and who lives in a place operated and owned by the famous Scott brothers of Toledo.

Dear Mr. Hoover:

For your information, Mr. Martin Mooney recently contacted me and at that time I learned that he has transferred his interests from Warner Brothers Studio to the United Artists, where he is employed by Goldwyn.

During my visit with Mooney, he introduced me to Mr. Kubec Glasmon. I learned that Mooney is collaborating with Mr. Glasmon, another writer at the same studio, in a story called "Cooling Off". Mooney and Glasmon stated that it is expected a picture will be made based on this story, and that it will be obvious from the picture that it is built around Kate Barker and the Keply-Barker Gang.

In talking to Mooney and Glasmon, it was readily seen that they had read every available article pertaining to this gang, and they mentioned in particular Courtney Riley Cooper's writings, also Herb Fisher's place at Joplin, Missouri. They also mentioned that they were anxious to put a chapter in their book, or a scene in the picture, pertaining to a hooten of some kind where the members of the gang would go for the purpose of "cooling off". They inquired of me if I was aware of such facts concerning this case.

I informed both Mooney and Glasmon that I would be glad to bring the request to your attention, and I am taking this means of doing it. Mooney stated that he would be very grateful if his request were conveyed to you.

Needless to say, Mooney is still an admirer of you and the F.B.I.

Sincerely yours,

Dear Sirs:

Re: ALVIN KARPIS, et al.,

      KILLINGS.

Reference is made to your letter of June 13, 1936, in which
you advise that Mr. Martin Hookey, who is now associated with the
United Artists, could take a photograph portraying the scene of a
hideout held by members of the Karpis-Barker gang for the purpose
of "cooling off".

Accordingly, I am forwarding to you herewith two different
views of the hideout house occupied by Alvin Karpis and Fred Hunter
at Potash Sulphur Springs, near Hot Springs, Arkansas. Karpis and
Hunter fled from this house during the evening of March 26, 1936,
having resided there for several months prior to the above mentioned
date.

The house shown in these photographs is located on a high
hill, in close proximity to Lake Catherine. Anyone approaching
this house is clearly visible to the occupants therein by virtue of
camouflage upon which it rests. The purpose of Karpis and Hunter in
obtaining this house was to use it as a hideout, which might also
be called a "cooling off" place. The house is admirably located for
the purposes for which it was used, as being as a rendezvous
and a place of secret hiding, it also offered ample opportunity for
pleasant diversion for Karpis and Hunter because of its proximity
to Lake Catherine. It might also be interesting to note that Karpis
had a motor boat in which he spent a considerable amount of his time
fishing in Lake Catherine, Karpis being a very ardent fisherman.

Re: Gladys Sawyer

Referring to the allegations of Mrs. Gladys Sawyer to the effect that she was mistreated by agents during the time she was held by them, I am transmitting herewith a copy of a memorandum prepared on this subject by Mr. Harold Nashan, Assistant Director, dated July 20, 1935, which memorandum was directed to the Attorney General.

RECORDED & INDEXED

[Date and other notations]
MEMORANDUM FOR THE ATTORNEY GENERAL

July 20, 1935

There is transmitted attached hereto a report relative to the investigation conducted concerning the charges of brutality, third degree murder, application of "truth serum", and other irregular acts, on the part of a group called the Bureau of this Bureau, made by Gladys Nita Sawyer in a statement, forwarded with a communication to the President, under date of May 8, 1935. This report is in considerable detail and I am setting forth the following therefrom, which appears under "Summary and Comments", in order that you may be advised briefly as to the details thereof.

Gladys Nita Sawyer, Paula Harmon and Evelyn Garrette, former associates of members of the Barker-Karpis gang of kidnappers, were taken into custody by the Cleveland, Ohio police on September 5, 1934. On September 7, 1934 they were released to special agents of the Federal Bureau of Investigation. On the night of September 7, 1934 they were taken to the headquarters of the Lakewood, Ohio police department, questioned there until September 8th, and on September 8th taken to the Riverside Hotel, Lakewood, Ohio, remaining there that night. On September 9th they were taken to the Lakewood, Ohio police headquarters, where a charge of disorderly conduct was registered against them, and they were later in the same day released therefrom and, upon signing a waiver of removal, they were taken by the special agents of the Federal Bureau of Investigation to Chicago, and there detained in the office of the Federal Bureau of Investigation, 1900 Bankers' Building, Chicago, Illinois, until September 23, 1934, when they were released. During the period of their detention in Chicago they were kept in an apartment at 411 Sheridan Road from September 14th through September 23rd.

The individual charges made by Gladys Nita Sawyer, together with comments thereon, are as follows:

7-576-12163X
1. It is alleged that a little girl was taken from her and that she had not heard from said girl at the time of her statement of charges (May 8, 1935).

The little girl in question, one Frances, was apparently a non-legally adopted child who had been with Gladys Sawyer and her husband for a short period. At the time of the arrest of the Sawyer women by the Cleveland police, the child was turned over to the juvenile authorities in Cleveland, and at the direction of the court the child was returned to St. Paul, Minnesota, to be placed in custody of the juvenile authorities there.

2. It is alleged that the various facilities at the Lakewood, Ohio police station were inadequate.

Information obtainable indicates that these facilities were adequate and were on a par with those existing in various police headquarters in other parts of the country.

3. It is alleged that both at Lakewood, Ohio, and later at Chicago, Illinois, the woman demanded permission to see an attorney and this demand was refused.

The evidence obtainable indicates that they made no such demand, with the exception of one occasion when Paula Herzen, at Lakewood, Ohio, on the morning of September 9th, asked to see an attorney and was told that an attorney would be sent for if she would make one. She later that morning withdrew her request to see an attorney.

It should be borne in mind, in considering the detection of these women and their apparent lack of protest or request to see attorneys, that according to the evidence obtainable they were extremely fearful lest they would come to bodily harm at the hands of their associates of the Barker-Karpis gang, because through the engagement by them in a drunken brawl at Cleveland, police had arrested them, and the location of the members of the Barker-Karpis gang, with whom they had been living, had been thereby revealed. These members immediately left Cleveland upon the receipt of information that their female associates had been arrested, leaving behind them certain valuables, including guns and ammunition.
4. It is alleged that at Lakewood, Ohio, on the morning of September 9, 1934, they were beaten, cursed and brutally treated by the Lakewood, Ohio police and Special Agents of the Federal Bureau of Investigation.

The information obtainable indicates that after consenting to proceed from Lakewood, Ohio to Chicago, Illinois, they withdrew this consent on the morning of September 9th and created considerable disturbance; that the Lakewood, Ohio police were sent for, took them into custody and charged them with disorderly conduct; that it was necessary to employ a certain amount of force in quelling the disturbance made by these women; that one of the women was carried to the waiting police car, and another partially carried. Later that morning they again consented, while at Lakewood, Ohio police headquarters, to proceed to Chicago, signed a waiver of removal, and were taken to Chicago by airplane.

5. It is alleged that there was no matron in charge at any time while the women were in Cleveland and Lakewood, Ohio.

This is correct. The Agents state, however, that the women had all possible facilities and that they were permitted to go to the toilet alone and there was no invasion of their privacy.

At Chicago the toilet facilities appeared to be ample and matrons of female stenographers at the Chicago Office were in attendance at all times.

6. It is stated, with regard to both the Cleveland and Chicago episodes, that the Agents applied vile epithets to the women and threatened them.

This is categorically denied by each and every person interviewed.

7. The female woman alleges that on the first night she was detained at Chicago there was no bed for her use.

This is correct. The evidence reflects that thereafter at all times there were proper sleeping facilities, uts and other materials having been secured.
8. It is alleged that physical brutality was inflicted upon the Sawyer woman. 

This is positively denied by all persons interviewed.

9. It is alleged that the Sawyer woman stated she needed medical attention.

This is also denied. Information is to the effect that she asked for a certain type of pills and that these were procured for her and given to her.

10. It is alleged that the Sawyer woman was given a certain medicine which she calls "truth serum".

This is categorically denied by each and every person interviewed and there is no evidence whatsoever to indicate that this is true.

11. The allegation is made that the Sawyer woman was not permitted to have sufficient sleep.

This is denied by all persons interviewed and there is no indication that it is true.

12. It is alleged that the agents pointed pistols at the women, brandished guns and indulged in "dry target practice", ostensibly for the purpose of making the women nervous.

This is positively denied by all concerned and there is nothing to indicate that this allegation is true.

13. It is alleged that the agents told obscene stories in the presence of the women.

This is not only denied, but practically every agent interviewed stated that a considerable number of obscene stories were narrated by Gladys Sawyer and Fymona Burdette.
11. It is alleged that the Agent indulged in a poker game one night until 2 A.M., at which time they were told by a matron to desist.

This is true to the extent that several Agents admit engaging in a poker game one night, but insist that it ceased at 11 P.M.

15. It is alleged that the Sawyer woman was told her husband was dead.

This is denied by all persons interviewed who came in contact with the Sawyer woman and there is no evidence to indicate that it is true.

16. It is alleged by Gladys Sawyer that certain property belonging to her was not returned.

The Special Agents of the Federal Bureau of Investigation deny that any property belonging to her or to the other two women was appropriated by them, and there is no reason to believe that any such charge is correct. It should be borne in mind that the women were arrested in Cleveland, Ohio by the Cleveland police, and that these police, who raided the houses in which the women and their criminal associates had been living, were in full charge thereof for at least two days before the Special Agents of this Bureau entered the case.

The Sawyer woman specifically summarizes her charges to include the administering of a "truth serum", the refusal to permit her to see an attorney, and the unlawful detention of herself and the other two women.

The administering of any specific potion has, as indicated, been sweepingly denied and there is no evidence to indicate that this is true.

The women were detained from September 7th to September 23rd. It will be noted that they signed a statement upon their release stating that they had voluntarily remained in the custody of the Bureau. Current instructions issued by the Bureau will
preclude any detention of this kind. It is highly probable that they were detained too long a period. However, it should be borne in mind that at that time the hideout in the Browns' kidnapping case had not been located, nor had the principal participants been apprehended, and these women were known to have first-hand information of the identity and probable location of the participants and possibly the location of the hideout. It would have been possible to have brought harboring charges against them, but those in charge of this operation in Chicago decided it was better to permit them to remain incarcerated in order to facilitate the later apprehension of the criminals, than they would undoubtedly escape again.

With regard to the seeming incongruity of the claim that they remained voluntarily in custody, it should be borne in mind that all those coming in direct contact with these women related that the women were very much concerned as to the possibility of their receiving bodily harm on the part of their former criminal associates, in view of the drunken escapade at Cleveland, which resulted in their arrest and the subsequent divulging of the location of the members of the kidnapping gang with whom they were associated.

Fifth regard to the allegation that they were denied the right to consult counsel, this has been sweepingly denied and there is no reason to feel that these allegations are true.

It should be borne in mind that these women are all of the lowest criminal type. This does not mean that their treatment should be any other than that accorded a law abiding citizen. It does indicate, however, that too much credence should not be placed in their unsupported statements, particularly when said statements are denied by law enforcement officers.

It should be noted that the Sawyer woman gave three separate statements to the Special Agents in control of this operation. It is quite probable that her attitude and her motive in making these charges may be influenced in some manner by the fact that in all three of these statements she admitted that her alleged husband was the "finger man" in the Brown kidnapping. Her alleged husband, Harry Sawyer, who has been indicted for complicity in the kidnapping, is tried in the St. Paul jurisdiction in September of this year.
The following correspondence, forwarded to me with your memorandum of May 22, 1935, is returned herewith:

Dear Dolores:

It is going to seem queer to me to be writing to you from myself instead of my Dad but as Alvin's sister and baby Ray's aunt I imagine it will be alright don't you? You see when I write for Dad all the time I don't feel as if I could put things into the letters from myself that is those foolish little things a mother likes to hear about her baby - but during the correspondence between Alvin and myself I asked him if you'd be allowed to receive mail from me and he said he thought you would. Anyway I can try.

You see, Dolores, you & I have something in common. We are both mothers. My Bobby is eight years old and Joan Rae Ann is 21 months. She is older than your boy but smaller. She was born a month prematurely and only weighed 4 lbs. 14 ozens. She and Raymond have a lot of fun together - that is Raymond does. She is afraid of him because he is so much bigger & stronger. He is getting to be so cute now. He is just at the age now where he does so many funny things. I guess Dad & Mother told you about his dog. Well believe me they sure have a picnic together. I guess its a case of either of them biting the other.

Dad & I took baby Ray over & had him vaccinated a while back. He is in good health and very active. Mother & Dad have done their best in their own way for him and they love him so very much. We all do of course but to Mother & Dad has just everything just as he will be to you.

Alvin looked so well when I saw him last, Dolores and he seemed very concerned about you and Ray. Mother & Dad and possibly myself are intending to go to St. Paul next week sometime to see him.

Well I hope you will be allowed to write to me. If not we can look forward to meeting and being friends when you are released.

Sincerely yours

Clara (Mrs. C. Yeatts)

RE: BRIDGW.

Dear Sir:

Reference is made to Bureau letter of
June 11, 1936, advising that Alvin Karpis, while
being questioned in the Ramsey County Jail at St.
Paul, Minnesota, had stated that on one occasion
he followed Agent B. L. Demron at Hot Springs, Ark-
ansas, for about one hour for the purpose of tak-
ing from Demron his gun, credentials and badge.

In accordance with the Bureau's re-
quest Special Agent B. L. Demron has been advised
of this statement and I am enclosing, herewith,
his memorandum submitted in reply thereto.

Very truly yours,

MEMORANDUM FOR SPECIAL AGENT IN CHARGE CHARLES FLETCHER:

RE: TUCKER.

Reference is made to the Bureau's letter of June 11, 1936, advising that Alvin Karpis, while being questioned in the Ramsey County Jail at St. Paul, Minnesota, informed Bureau Agents that on one occasion he had followed me at Hot Springs, Arkansas, for about one hour; that he did not intend to harm me in any way but considered the possibility of relieving me of my gun, credentials and badge.

As you are aware, I have been in Hot Springs, Arkansas, on several occasions and have always been on general assignment and never tried to conceal my identity. On practically each occasion that I was in Hot Springs my presence was known to the local Police Department and probably others who were interested in my activities. As you are also aware, Hot Springs is a town of approximately twenty thousand which increases to a much larger number during the winter season; however, I do not believe that any one, even Karpis, could follow me in Hot Springs for an hour without my becoming aware of it.

In the absence of more details as to when Karpis followed me, the places I visited, etc., I am unable to state whether his statements can be relied upon; however, I am of the opinion that they cannot be, especially in view of the fact that he made no mention of why he did not attempt to relieve me of my credentials, etc.

DETAILS: During the investigation which has been conducted relative to the individuals who harbored Alvin Karpis, Arthur "Doc" Barker, and Harry Campbell, consideration has been given to the possibility that Captain George Timney of the Toledo Police Department, who is alleged to be a close associate of Bert and Ted Angus, knew the true identity of the fugitives in this case at the time they were frequenting the Casino Club; that Timney and Ted Angus, in addition to harboring these subjects and other criminals, also controlled the vice and gambling in Toledo and collected money from the operators for protection purposes. To follow this, police officers who have been considered reliable have been interviewed for whatever information they have been willing to furnish. In addition to interviewing these officers and other informants, investigation has been conducted at various houses of prostitution in Toledo, Ohio, the results of which have been submitted in a separate report.

The following investigation was conducted by Special Agents E. J. Dowd and J. V. Murphy on June 12th and 15th, 1936:

He interviewed at his residence, with a view of obtaining any information he may have relative to the harboring of Alvin Karpis, Harry Campbell and other members of the gang by Ted and Bert Angus, Captain George Timney and others, in Toledo and vicinity.

Indicated his willingness to cooperate with the Bureau, but expressed his desire that any information he may furnish be treated confidentially and that his name not be mentioned as having furnished same.
He stated that he knows Ted and Bert Angus, but he has no information of his own knowledge that they or Captain Timney harbored Karpis, Campbell, or other members of the gang. However, he stated that from conversations with various persons, the names of whom he could not recall, he learned that when Alvis Karpis and Harry Campbell shot their way out of a hotel in Atlantic City, they came to Toledo, near where they abandoned the automobile they took away from a doctor, and they went to Ted Angus' place about 4:30 A.M. and wanted Ted to put them up; that Ted told Karpis they were too hot and they would have to go away, whereupon Karpis drew a .45 caliber pistol and said, "You are going to take care of us." That day they remained at Ted Angus' place and the following day they were removed by Joe Roscoe to Edith Barry's call house, where they remained three days, and after that he could not learn what became of them.

The old Casino and the New Casino, operated by Ted and Bert Angus, has always been frequented by underworld characters, and used as a hideout for them; that it is rumored that Captain George Timney has an interest in the New Casino. He also stated that the Algeo Hotel in Toledo has the reputation of being frequented by confidence men and persons of shady reputations; that this hotel is often visited by Captain George Timney, Art Langendorf of the Toledo Police Department, and Ben and Joe Fretti and Joe Roscoe; that it is reported there is a poker game upstairs in the Algeo Hotel. He further advised that Larry Algeo, who operates this hotel, cannot be depended upon to furnish any information regarding criminals and their activities.

With regard to Joe Roscoe, that after Roscoe placed Karpis and Campbell in Edith Barry's call house for three days, Roscoe has been their contact man; that Roscoe is also known as Joe Roasco, and Roscoe is a close personal friend of Art Langendorf of the Toledo Police Department; that from best information he can obtain, Joe Roscoe and Ben and Joseph Fretti brought the Licovoli mob to Toledo a couple of years ago; that Joe Roscoe is now living in a home formerly owned by Chester Marks, deceased, who was murdered during the time the Licovoli mob was in Toledo. He stated that Marks' murder has never been solved, and it is well known that Captain George Timney lives with the widow of Chester Marks at her home, 2650 Broadway, and that Timney's automobile, which he believes is a 1928 Hudson sedan, black in color, has often been seen parked at this location; that while Timney is living with Mrs. Marks at her home, he is also "very sweet" on Mrs. Jimmie Hayes, who has an interest in gambling places in Toledo.
that in 1931 Timney was in charge of the
liquor squad and Art Langendorf head of the gambling and vice squad;
that there was considerable friction among them, and they had a falling
out, which resulted in the liquor, gambling and vice squads being placed
under Langendorf, and several months later Langendorf was removed and
Timney placed in charge; that Timney and Langendorf are considered
dishonest.

Captain Timney issued orders to keep
out of the sporting houses, except on complaint; that complaints against
houses were made known to the vice squad by means of memoranda from
Captain Timney, which were placed in the vice squad complaint basket,
which memoranda usually stated a complaint had been received that at a
certain address there was “window knocking”, “indecent exposure”
“soliciting”, etc., and the complaint should be given immediate attention.
The memoranda never stated who made the complaint, and these “blank com-
plaints” were usually issued to the vice squad shortly after the 15th of
the month.

Bert and Ted Angus were collectors on gambling
and vice in Toledo for about four years during the Thatcher and Klotz
administration; that he never knew how this was regulated other than he
heard the payoff money was taken out to them at the Casino Club, the
payoff date being the 15th of the month, all payments being made in
advance for a month period. He stated that for quite a while Mable Green,
landlord of a sporting house at 43 Vance Street, was apparently the “front”
for collections from sporting houses, and later for a period of about
three weeks just before the present administration took office. Marine
Bergman, landlord who owns and operates the Shelby Hotel, a sporting house,
acted in that capacity; that at present time Maxie Belmont is out of town
and Jimmy Whitte is operating the Shelby Hotel for Marine. He stated
that whenever the sporting house operators had any complaint to make they
went to Mable Green; that she is still being consulted. Larson stated
that on June 14, 1935, he endeavored to contact Mable Green, at the re-
quest of Agents, with the view to obtaining information concerning past
and present payoffs, and he was informed by Mary Leonard, sister of Marine,
that Mable is at present in hiding, living in a cabin at Point Place with
her sweetheart Charlie Sweetman, who is in the plumbing business with his
father on Superior Street. Larson stated that during the Klotz administra-
tion in 1935, Harry Bernstein, a Jew who looks like he is part negro, was
paid to be the collector on vice and gambling; that Bernstein lives at
3343 Collingwood Avenue, and hangs out at George’s Cigar Store, Madison
and Erie Streets, and the Bucky’s gambling club on Superior Street; that
Julius Davis also was reported to be the collector for about two months during Klots' administration, but he barely believes that Davis is collect-
ing now that Davis operates a jewelry store on the third floor of the
Spitzer Building and sells jewelry to inmates of sporting houses, and
is suspected of being a fence for "hot" jewelry; that Davis owns
considerable property in vicinity where sporting houses operate; that
Harry Bernstein and Clarence R. Van, a colored Republican book of Toledo,
are very closely associated.

Discreet inquiry by telephone to the home of Harry Bernstein,
3543 Collingwood Avenue, disclosed that he is at present in Flint,
Michigan, taking care of a race meet, and is not expected to return to
Toledo until about July 1, 1936. In a later interview on June 15, 1936,
and stated that Bernstein is not doing the collecting now or vice and
policing; that in past two or three weeks, according to his informant,
none of whom he does not care to furnish, but who is believed to be May
Leonard, the collecting for vice is being done by a police officer.

It was stated he would endeavor to ascertain the name of this police
officer and furnish same to Agents at a later date.

Boy Havens is a good man and reliable, and has been kicked about because he was too active in enforcing the law; that he believes Havens may be able to furnish information of value. There is no hoodlum squad in the present setup of the police department, but there is a squad which is assigned to crime investigation composed of officers Bob Fielding, Harry Manso, George Zolman and Art Langendorf, the latter being in charge. He stated that the liquor squad, composed of two above named officers, works with the State Liquor Control men, and they are not supposed to work alone or visit houses of prostitution.

During interview on June 15, 1936, that when Agents of this Bureau interviewed several landladies and inmates of houses of prostitution, most all the houses known to be openly operating closed down; that the pay off for the month had been made, and when the houses closed the collector had to "kick back" part of the collection. He stated it is reported that the City Hall newspaper reporters got $50.00 a month each from the "take"; that the report is true. The others are Joe Gibb, Nick Desmond and Tom Finkler, and Gibb and Desmond are very close friends of Captain Timney, and give him a boost whenever they can.

Learned that Julius Davis, jeweler, has been around to various houses of prostitution and told the landladies and inmates to keep still and not to sign any statements, that Pauline Mienstein was interviewed by Government Agents for several hours and made a signed statement implicating several police officers; that Julius Davis is trying to buy Pauline Mienstein's place, the Riverside Inn, at 911 State Street; that after Pauline Mienstein was interviewed by Federal Agents, she became so scared she closed her house and took out of "broom's" cab and went to Detroit. While she tried to contact her "pimp" named Louis, but Pauline has returned to Toledo, but he does not know where she is living. He stated that some time ago the Inspector in Charge of the Border Patrol made some inquiry regarding Pauline Mienstein, and might have information of value regarding her. This will be followed up and any information of value to this investigation regarding Pauline Mienstein will be secured from the Inspector in Charge of the Border Patrol.

Roger Peters, is a good, honest, reliable man and if he knows anything he will cooperate with Agents and furnish any information he may have.

Captain Charles Hennessy, residence 4109 Kingsburg Avenue, was interviewed by Agents R. C. Schar and D. P. Sullivan on June 15, 1936, and he stated that he is presently holding a position of Captain of the uniformed police of the Toledo Police Department. He has been...
attached to the police department for the past twenty-two years.

The following information was obtained from Captain Hennessy regarding the officials in the police department, set out in the order of their rank:

Chief of Police Ray E. Allen, who was appointed two months ago by City Manager Kady;
Inspector C. M. Mead;
Inspector of Detectives Joseph Fruchy;
Inspector Thomas E. O'Shelly, in charge of traffic and brother of present Sheriff James O'Shelly;
The following are Detective Captains:

George Timiney;
Van Vorce;
Wyden;
Barney Cunnings (an acting detective captain.)

Vice Squad - Captain Clarence Faulkner. This man was appointed two months ago shortly after Allen was appointed Chief of Police;
Jesse Gilley, who has been on this squad at various times before the present time;
Ed Eline, who has been assigned to this squad, has been on this squad before;
Billy Fisk, recently placed on this squad and has been on it before. Captain Hennessy stated that he feels certain this officer is honest; that he can get information from Fisk that Fisk possesses concerning vice and payoffs;
Donald McGregor. Hennessy stated that he believes this man to be honest; that McGregor does not desire to be attached to this squad and a few days ago expressed a wish to Captain Hennessy that he would be transferred to other work.

Captain Hennessy stated that in the latter part of 1921, Thatcher was elected Mayor and went into office during the first part of 1922. At that time Haas was Chief of Police. Thatcher appointed Delehanty Chief of Police and reduced Haas to Inspector. Delehanty served only a short while and then died. Thatcher then appointed Haas to succeed Delehanty. Haas remained as Chief until the latter part of 1923, or the first part of 1924. Ellots was elected Mayor in the latter part of 1923 and came into office in January of 1924, and appointed Dan Wolf Chief of Police. Wolf made Hennessy the head of the vice squad on or about January 26, 1924. At this time George Timiney was in charge of the hoodlum squad.
Hennessy stated that he attempted to perform his duty in cleaning up the city and closed five houses, including a place operated by Jean Ford. Hennessy resigned as head of the vice squad on February 14, 1934. Hennessy did not express any reason for his resignation, but stated to Agnes that he refused to take graft and would not "play ball" with the criminal element. A few days after his resignation Hennessy was again put in charge of the vice squad, but lasted only a week before he was again transferred to other work. George Timoney was supplanted for Hennessy as the head of the vice squad. The following men constituted the vice squad under Captain Timoney in the early part of 1934:

- John McCarthy, who is now a motorcycle officer;
- Jimmie Tesaleki, who is now a patrolman;
- Bob Fielding, now attached to the Detective Bureau;
- John Mikhail, who is now a patrolman;
- Art Brown, who is now a patrolman;
- Chris Brennan, now a detective at headquarters.

In speaking of his unwillingness to condone open vice, Captain Hennessy mentioned that when he was made Captain in charge of the Vice Detail, Jean Ford had been operating houses of prostitution at various addresses in Toledo for some years without being molested. Hennessy stated that in January, 1934 the Ford woman was operating an elaborate house of prostitution at 352 Nebraska Street; that at this house each day as many as twenty-five immoral exhibitions of perverted conduct were given. Hennessy stated that these affairs played to a large audience, comprised of men, women and boys and girls attending school. Hennessy stated that he and his squad raided the place one night and found about seventy-five people in the house. Statements were taken from four school boys at the house and Jean Ford was charged with keeping a disorderly house. Several inmates were charged with visiting a disorderly house. Jean Ford came up before Judge Lee Murfin and was fined $500.00 and costs, and her place was closed. No other charge was placed against the Ford woman in order that the young boys would not have to testify in court. Since that time Jean Ford was arrested on a state liquor violation and served time for this violation at the workhouse at Waterville, Ohio. Hennessy stated that since February, 1934, he knows of no house of prostitution operated by Jean Ford, but he has heard that she occasionally "hustles" from an automobile.

Captain Hennessy provided the names of the following officers whom he feels can be trusted and who should be able to provide valuable information concerning vice conditions both past and present in Toledo, as well as information concerning "offices" and "pay offs."

James Ford, who formerly was attached to the vice squad when Timoney was in charge, has a great deal of information concerning the activities of the vice squad, of prostitutes, pimps, houses of prostitution and tie-ups of police with the criminal element. Ford was indicted
some years ago for accepting a bribe. Hennessy stated that this charge
was concocted by David Glass, a notorious character, who resides at 50
Rockingham. He operates a tire shop in the 500 block of Cherry Street,
and handles "hot" tires. He likewise owns the Ritz Hotel, which is
operated by Itchy Levine as a house of prostitution.

Frank Baumgartner, residence 77 Burkhead Street, who is
presently assistant to the chief of police, formerly worked on the
vice squad. Hennessy has the greatest faith in this officer's integrity.

Roger Peters, worked with Hennessy during the short time he
was in charge of the vice squad. Hennessy stated that Peters is the
best policeman in the department on narcotic. Peters is presently a
motorcycle officer.

Harry Hanson, according to Hennessy, is a capable officer
and he is certain that this man is entirely honest. Hennessy stated that
Hanson and Ford dislike and distrust each other.

Hennessy stated that Kenneth Larson was honest and could be
depended upon.

Hennessy informed further that Ted and Bert Angus handled
graft from vice and other sources for six or seven years until the
time Timiney was removed from the vice squad and hooligan squad; that
he has no doubts that Timiney knew the true identities of members of
the Barker-Krupps gang when they were in Toledo in 1934, but he had
no proof or evidence of same.

Hennessy stated that Frank Roch, formerly was a policeman who
resigned and entered the slot machines business with Ed McDaniel, now
decayed. In March of 1934, after Hennessy resigned from his position
as head of the vice squad, Roch approached him and advised that he,
Hennessy, knew plenty of people around town and could work along with
the "fellows" if he wanted to. Hennessy stated that he did not want
to work on the vice squad and could not be "fixed." Roch said no more
about it to him.

Captain Hennessy stated that Itchy Levine, who is mentioned
above as the owner of the Ritz Hotel, runs a gambling place at 515
Jefferson Avenue with one Bernstein; that Bernstein is the collector
for a negro real estate man by the name of Clarence E. Vena, who has
an office in the Security Bank Building; telephone Adams 7434 (lives
at 1706 Glenwood Avenue, telephone Adams 8585) and according to Hennessy
when Vena is "in" he is the "fix" for prostitutes, gamblers and such.
Hennessy has heard Vena is the present "fix" but that he has not been
able to verify this report.

- 9 -
able to verify this report.

Bennie Harris operates a gambling house at 120 Superior Street and the Frei brothers operate the pin ball and slot machines in the city of Toledo. Han has been a bosom friend of these people for years.

Hennessy stated that he would secure the names of all the men who have been members of the vice and so-called hoodlum squad since the beginning of 1934 and furnish the same to Agents and he has also agreed to obtain the location of all houses of prostitution in Toledo, together with the names of the "pimps" and where they can possibly be located, and further he would endeavor to obtain additional information concerning the "fixes" in Toledo.

Concerning the "Dugout", Captain Hennessy stated that this was supposed to be operated by the Veterans of Foreign Wars, but he did not think that organization was getting anything out of it. He stated that some members of the organization pay their dues at the "Dugout", but he had little information concerning the operation of this place, other than Tom Corlaid operated the gambling there.

----------
On June 14, 1936, Special Agents D.F. Sullivan and R.C. Huran again interviewed Capt. Charles Hennessy at his home. Capt. Hennessy at this time furnished agents with a list of names of the officers who have in the past worked on the vice and hoodlum squads with Capt. George Timney whose address, according to the police department records is 845 Pinewood Ave., Toledo, Ohio.

The following named men have worked on the vice and hoodlum squads with Timney since about February 1934:

A. Ledarghter 815 Atlantic Ave.
L.D. Mills 2517 Portsmouth Ave.
A. Muns 450 Clark St.
J. Michaelak 3128 Warsaw St.
J. McCarthy 644 Cowburn Ave.
J.P. Maguire 2140^6 Perth St.
R. Peters 1801 Monroe St., Apt. 3
J. Baumgarten 77 Berkhead Pl.
H. Oney 851 National Ave.
Jas. Cichy 72 Westwood Ave.
C.L. Blinn 878 Fruity Ave.
Jim Tafelski 2188 Charleston Ave.
Robert Yielding 3936 Woodmont Ave.
C. Brennan 433 Summer St.
W. Finke 4804 Harris St.
Art Brown 627 Rasmol St.
B. Bender 1255 Dewon St.
F. Haala 575 Oakwood Ave.
L. Shimon 1610 Schomberg Ave.
Henduskey 2924 Lawrence Ave.

Capt. Hennessy stated that out of the above list of names, he would suggest the following who might be of assistance in the instant investigation:

A. Ledarghter,
L.D. Mills,
R. Peters,
H. Oney,
J. Baumgarten,
C.L. Blinn

He stated that Art Brown would have considerable information concerning Capt. Timney and the latter's connection with the underworld and as Brown recently had trouble with Timney it was possible that he might talk. Brown during the latter part of 1935 was removed from the hoodlum squad by Timney and is now a patrolman in East Toledo. Concerning F. Haala he advised agents that it was doubtful whether Haala would furnish information.
Capt. Hennessy stated that Kenneth Larson was an honest officer and would furnish some valuable information although he has never worked under Timney's name.

Capt. Hennessy also suggested the name of J. Tripp, 1844 Burton Ave., as being a possible source of information although he has never worked under Timney.

Hennessy stated that this man is an honest officer. According to Hennessy there are three officers who team up with Timney more than any other officers in the department and these three men are Jim Tafelski, J. McCarthy, and Chris Brennan.

Questioned concerning any "pimps" that he might have knowledge of Capt. Hennessy advised that he had little information as to this but that he has heard that the notorious madam Jean Ford has three "pimps" hanging out with her, but he does not know their identities. He stated that the call house formerly operated by Larry Burke at 1236 Monroe Street, is now being run by a woman known as "Sis" who is the sister to Detective Karl Much of the Toledo police department.

Hennessy stated further that it was his opinion that Toledo was one of the central points in the U.S. in the handling of narcotics, although he has no proof of same. Johnny Klute, who is now serving a sentence at Leavenworth Penitentiary on a narcotic charge once advised Hennessy that there was some connection between Florida, Cleveland and Toledo, Ohio, in the distribution of narcotics.

On June 15, 1936 Special Agents D.P. Sullivan and R.C. Byram interviewed Detective James Ford of the Toledo, Ohio, police department, for the purpose of obtaining what information he might be willing to furnish concerning persons who harbored Alvin Karpis and other members of the gang at Toledo, Ohio, particularly Capt. George Timney, Bert and Ted Angus. Mr. Ford was interviewed at his home, 1418 Jeffre Street, and he advised that he desired to cooperate with the Bureau to the fullest extent in the instant investigation but requested that his name not be mentioned as the source of the information that he might furnish because of the corrupt condition existing in the Toledo police department. Mr. Ford stated that he is presently assigned to the East Toledo precinct, which is not considered a choice assignment; that he was taken from the head-quarters assignment because he was too active in stamping out organized crime; that his transfer to his present assignment took place in the summer of 1934 after he had assisted the county authorities in the successful prosecution of several members of the so-called Lindbergh mob.

Mr. Ford stated that prior to April 1931 Art Langendarff, head of the vice and hoodlum squads of the Toledo police department, and at this time gambling and vice were rampant and the town was wide open; that the gambling houses and houses of prostitution had
agents soliciting patrons on the streets; that it was during April 1931 that he, Ford, was made head of the vice squad.

During the summer of 1931 the Licovoli mob was imported by the Pretti brothers to take over the manufacture of liquor; the Pretti brothers at this time had control of the gambling and other vice and racketeers in Toledo. Ford stated that the Licovoli mob put in about $100,000 in a liquor plant in Toledo and were supposed to operate un molested inasmuch as they had the Federal Prohibition agents "fixed" through a hoodlum by the name of Tom Smith. Ford stated, however, that Mr. Whitney who was then in charge of the prohibition agents in Ohio conducted an extensive investigation and finally succeeded in breaking up the Licovoli plant and also involved several members of the Toledo police department in violation of the National Prohibition Act. Mr. Whitney is now located at Cleveland, Ohio, and is in charge of the Alcohol Tax Unit at that place and is said to have considerable information concerning vice conditions in Toledo, Ohio, up to 1934.

Ford stated that after the Licovoli liquor plant was destroyed, the Licovoli mob "muscled in" on the other racketeers controlled by Ben and Joe Pretti, which had not been anticipated by the Pretti brothers.

Ford advised that when he heard of the presence of the Licovoli mob in Toledo, he sent out the word that they would not be tolerated in Toledo; that three days later he was taken off the vice and hoodlum squad, this being in September 1931. He stated that the Licovoli mob at this time had the Golden Rose Club and it was at this place that he left word for them to leave town. He stated that after he was relieved of the vice squad assignment, Captain Timney took charge. Jackson was Mayor of Toledo at this time and Nace was Chief of Police.

Ford stated that when Timney was appointed to the vice squad in September 1931, Fred Angus came into power. Ford here mentioned that Bert Angus apparently never was active in controlling local racketeers and played only a minor part in the operation of the Casino Club. Prior to the time Timney was placed in charge of the vice squads, Fred Angus did not have much to do with the racketeers and only had a hideout for criminals on Middle Island.

Ford advised that Timney remained on the vice squad until Thatcher became Mayor in January 1932, at which time Art Langendorf was appointed to take charge of the squad, but Langendorf only remained a short time when Mike Rowan was appointed and he likewise only lasted a few weeks, after which Timney was reappointed with complete control of both the vice and hoodlum squads. Timney then continued on the squad until January, 1934, when Capt. Hennessey had the squad for a few weeks and again Timney succeeded to the head of the squad.

- 15 -
Ford advised that when Timney was first assigned to the squad the Fretti brothers controlled a man by the name of Shepard, who was the secretary to Mayor Jackson; that a man by the name of Cole, who was secretary to the Safety Director Archibald Black, was also considered a Fretti man, and in addition the Fretti brothers also controlled the Inspector of Police O'Velahany and the Inspector of Detectives Carroll, the latter now deceased. Delahany is presently Chief Deputy Sheriff to Sheriff James O'Reilly.

Ford stated that it was definite that when Timney was in charge of the vice squad, a madam of a house of prostitution by the name of Barina Beachmont collected from the madams of the other houses of prostitution in Toledo and turned the money over to Red Angus, who then turned it over to Timney who made the proper payoffs to the other officials who are on the "in." Ford stated that the "payoffs" also extend to the newspapers and the reporters who receive graft are those who cover the CITY HALL; namely, Mike Desmond of the Toledo News-Bee, Phil Gibbs of the Toledo Blade and Jack Flannigan of the Times. He stated that these reporters always push Timney to the front whenever and wherever possible, but that Desmond is now a feature writer and is not around the City Hall very much.

Ford stated that during the years from 1925 to 1928 a madam by the name of Sadie Dam, and Nable Green were the leading madams in Toledo, but in 1928 Sadie Dam was forced to leave Toledo during a cleanup and has only returned to Toledo since City Manager Rigby took office in January 1984 and is now operating the Oxford Hotel in partnership with a Mrs. Max Plummer, widow of a bookie by the name of Max Plummer, who formerly was in the Oxford Hotel with Sadie Dam. Ford stated that the leading madams in Toledo today and the ones who control the prostitution are as follows:

Noble Green,
Maxine Belmont, who operates the Shelby Hotel,
729 Summit,
Sadie Dam,
Mrs. Max Plummer,
and a woman who runs a house at 511 Locust, name not recalled.

Ford stated that Madam H, (Fleminger), who operates a house at 629 Ontario Street has furnished him valuable information on various cases of his but he doubted if she would furnish information concerning any "payoffs." that the madams previously mentioned are trying to "squease" Madam H out of the racket and he, Ford, might be able to secure
some information concerning the present setup from her as at present, things are quite inactive and he, Ford, does not know what the setup is since Edy came into office in January 1936.

Ford stated that when Kloes was Mayor of Toledo from 1934 to 1935, he had as Safety Director one John Price, who is considered an honest man, but his secretary, a man by the name of Wagner was in with Ted Angus and the Fretti brothers. Wagner is presently the secretary to City Manager Edy, who also holds the office of Safety Director, but Wagner does the work; that a man by the name of Mathews was the Welfare Director and was on the "in" as was Carl Grotto who was the secretary to Mayor Kloes. Grotto is not now holding any position with the City government.

Ford stated that when Timiney was in charge of the vice squad, the various gamblers paid the draft to Ted Angus and that there were various collectors whose identities are not known to Ford. He stated that Eddie Wienne operates the "craps" game with Harry Levine, brother of Icky Levine, at 5334 Jefferson. Ford stated that he knows little concerning Julius Davis other than he is an associate of the underworld characters in Toledo.

Further concerning Ted and Bert Angus, Ford stated that Timiney is financially interested in the New Casino with those brothers and that sometime either in February or March, 1936, Timiney had a fight with the Angus brothers over some money due him and in order to collect it, took the hoodlum squad to the New Casino and forced the Angus brothers to pay him. He further stated that the woman who lived with Ted Angus left him about two weeks ago after a quarrel.

Ford stated that the address of Timiney is rather indefinite; that the last known address for Timiney was at the home of Mrs. Chief/Marks, but that Timiney is not supposed to be living there at present. He stated that the only one who always knows where Timiney can be located is his close associate Chris Brennan.

To further show the close relationship between Ted Angus and Timiney, it was learned from Ford that Ted Angus appeared as a character witness for Timiney when the latter was sued by a woman by the name of Desmer, Allen, with whom Timiney formerly lived before living with his present paramour Edith Marks.

Ford described Timiney as follows:

Ford stated that just prior to City Manager Edy taking office Rev. O.B. Harrison, who formerly resided at 311 Euclid Street, Toledo, Ohio, and who now resides at 22 East Thompson Street, Columbus, Ohio, conducted an extensive investigation concerning vice conditions in Toledo and secured some very good information which he laid before the city administration, but nothing was done and Rev. Harrison was given the "run around" and later Harrison furnished the information to Edy but nothing was done about the conditions. Ford stated that Harrison is now in Columbus, Ohio, at a church located near the Ohio University, the name of the church not being known at the present time.

Ford advised that Joe Roscoe is presently supposed to be hiding out on Middle Island.

Ford advised that Art Langendorf is the man who pointed out the various federal agents to members of the underworld. At least during the investigation conducted by Mr. Whitney of the Alcohol Tax Unit prior to repeal of prohibition Langendorf put the agents "on the spot" for the underworld. Ford stated Whitney has plenty of information concerning this.

Ford stated that he had little information concerning the gambling in Lucas County, but it is generally understood that Tom Wronland operates the Dugout as a front for the gambling. Ford described Sheriff O'Reilly as just being a big "dumb Irishman" who never was any good as a policeman.

On June 15, 1936, Special Agents R.C. Baran and D.P. Sullivan interviewed Police Officer Arthur Brown at his residence, 720 Rembold Street, Toledo, Ohio.

He stated that he was working under George Timsey on the Hoodlum and Vice Squad continuously from 1932 to October 1935. Brown was questioned as to whether he had any information concerning the residence of the Barker-Karpis gang at Toledo in 1934 and their frequenting the Casino Club and association with Bert and Ted Angus. Brown here stated that he knew very little concerning the Angus brothers, that he had visited the Casino Club on only three or four occasions. Brown here informed Agents that he would confidentially tell the only information he had concerning the gang's presence in Toledo in 1934. Brown went on to say that in the summer of 1934, while at the Casino Club he made the acquaintance of a short fellow, known only to him by the name of "Willie"; that he saw Willie at the Casino Club only three or four times and always alone. Brown denied that Bert or Ted Angus introduced him to Willie and stated that he cannot recall either of these men appearing to be particularly...
friendly to Willie. On one occasion Willie told Brown that he had been residing at Hammond, Indiana; that he had been in a hotel room with a girl who jumped out of the window. As a result, according to the story told to Brown, the police charged Willie with attempt to rape the girl. Willie told Brown further that the charge was without foundation inasmuch as the girl had jumped out of the bedroom window and that the bathroom door was locked on the inside; but that because of a change in the city administration, he could not do anything about the charge and had to leave town.

Brown here stated that during the time he saw Willie at the Casino Club he did not know the man’s true identity and did not learn of same until he read a resume of the disposition of various members of the Barker-Karpis gang by death, jail sentences, etc. Shortly after Harry Campbell was arrested in Toledo, Brown stated that the news article mentioned the nickname “Little Willie” in naming William Harrison as a member of the Barker-Karpis gang; that the thought came to his mind that the Willie he knew at the Casino Club probably was identical with William Harrison; that he checked around town and found that this was true. Brown did not advise agents of the source where he verified the above information.

Brown here stated the present Chief of Police Ray Allen, who came into office a couple of months ago, called Brown into his office, after the apprehension of Campbell, and questioned him concerning any knowledge that Brown might have had of the presence of various members of the Barker-Karpis gang in Toledo in 1934, their frequenting the Casino Club; and any connection they had with Ted Angus or Bert Angus. Brown here told agents that he denied to Chief Allen that he had ever seen any of the above mentioned persons at the Casino Club or in Toledo either in 1934 or thereafter up to the time Harry Campbell was captured. Brown stated to agents that he first learned that various members of the gang resided in Toledo and frequented the Casino Club from newspaper accounts appearing in the papers after the arrest of Mildred Clark alias Mildred Kuhiman in Chicago with some member of the gang and the trial shortly after that of some of the gang at St. Paul.

Brown denied ever seeing Timiney with Willie Harrison at the Casino Club or elsewhere or knowing anything indicating that Timiney knew any of the gang.

During the course of this interview Brown was asked if he had any information regarding vice conditions in Toledo, pimps, informants, the inter-state transportation of women, but he stated he could only furnish the name of two pimps, namely Gussie Miller and George Patterson, who hang around Frank’s night club in the 1300 block of Adams Street.
Brown stated that in the summer of 1934 the detail under Timiney was composed of two squads, the Vice Squad composed of Jim Tafelski, Chris Brennan and Robert Fielding and the Hoodlum Squad was composed of John Michalek, John McCarthy and Arthur Brown. Brown here stated that Michalek and McCarthy were with him when he saw Willie Harrison at the Casino Club in the summer of 1934.

It was evident from the evasive manner in which Brown evaded questions that he did not intend to provide any information that would be helpful in the present investigation. He was, therefore, directly asked, what he thought of Timiney as an officer. Brown replied that he thought Timiney was a good officer and on further questioning stated he likewise believed that Timiney was honest.

On June 17, 1936 Special Agents E.J. Dowd and P.F. Sullivan interviewed George B. Timiney and that which is pertinent is set out. In 1922 Timiney gave the address of 845 Pineood Ave.

Timiney was appointed head of the Vice Squad on September 15, 1931; was removed from that position in October 1931 and made the advisory head of a combination Vice, Liquor and Gambling Squad; that he was returned to duty as a regular detective in January 1932 and in the same month was appointed Captain of Detectives in charge of a Robbery Squad organized to rid the city of gangsters.

On December 1, 1935 Jack M. Buffet, 1556 Franklin Avenue, filed a suit against Timiney asking damages in the sum of $10,000.00, charging that Timiney had falsely arrested him. Shows that this case was dismissed.
On July 26, 1936 George Timney was sued by Deans Allen who was seeking the sum of $20,000.00 for heart balm. This case was tried before Judge Stahl. The disposition of this action is not given.

Timney owns a Model 8-35 Packard Sedan, Motor #332374, Serial #66585, purchased from the C.D. Neary Company on June 10, 1936.

On February 28, 1936 The Metropolitan Life Insurance Company sued George Timney and Deans Allen and The Ohio Sav. Bank and Trust Company (in liquidation) et al and obtained a judgment of $5,172.96 and interest. This suit was brought on a promissory note and for foreclosure of a mortgage on property at 1579 Joffre Avenue in Toledo.

In an effort to obtain information concerning the residence of Sally Dam, Kitty Diamond and Maxine Belmont, had no reports on these women, other than that on September 28, 1928, the address of Maxine Belmont was given as 729 Summit Street at the Shelby Hotel.

Max Flummer, a former Toledo hoodlum, was killed on February 15, 1936. His residence at the time of his death was at 9566 Franklin Avenue. Annie Flummer, his widow, was left his estate of $12,000.00, to be paid her in $200.00 a month installments. Information has been recently received that Annie Flummer with Maxine Belmont, Nible Green and Sadie Dam, had been attempting to organize the maenas of houses of prostitution in Toledo.

Agents ascertained that Annie Flummer was no longer residing at 9566 Franklin Avenue. Contact was had with Post Office Inspector F.R. Casey who will attempt to obtain a forwarding address for the Flummer woman. Casey stated during this interview that the Superintend of Police had advised him that Timney had received his Bonn Bonds at 2650 Broadway, the residence of Edith Marx, but that he would locate the referee registered receipt signed by Timney in order to make certain that Timney had received same at the Broadway address.
The following investigation was conducted by Special Agents K. B. Dill and E. J. Lynn.

For the purpose of securing the general setup as to slot machines in Toledo, Ohio, and Lucas County, Ohio, and if possible to secure specific instances of "pay off", Mr. Jack Binney, 503 Broadway, Toledo, Ohio, was interviewed on June 17, 1926.

Mr. Binney is a very pretentious looking man, about fifty-five years of age, and lives in comfortable circumstances. He stated that he has been out of the slot machine business since the year 1922, retiring in that year, and has not been engaged in any sort of enterprise since; that he spends his winters in Florida; that for some years he operated the Northwestern Sales Company in Toledo, Ohio, at 650 Western Avenue, dealing in punch boards, novelties, etc.; that about 1922 he became interested in the slot machine racket as an operator; that he never had more than fifty machines in operation; that he placed the machines at spots in the city of Toledo, Ohio, and in Lucas County, Ohio; that he had no assurance from any official with reference to placing the machines, but did so knowing that he was taking a chance; that during the four years he was operating he lost about fifteen machines through the activities of law enforcement officials and thieves; that such machines were never recovered by him; that he in no instance paid off to any person for the privilege of operating and never provided any person with a list of machines which he had in operation; that the nearest approach to an official demand having been made on him was the activities of some of the uniformed police, who would come to his place of business and request to borrow a few dollars until pay day; that at the present time he cannot recall the names of any of such policemen; that he always refused to accommodate them with a loan, feeling that it was just a method of putting the "bite" on him; that he decided to get out of the business as he saw "rough" times coming in the "game", losing several machines in a short period of time, and realized that the "racket" was being "muscled in on"; and, therefore, he quit before he was approached.

During the course of the interview, Mr. Binney stated that he formerly had slot machines in Canada during the time he had such machines in Toledo and Lucas County, Ohio; that he formerly had slot machines in operation in Georgia and South Carolina.

With reference to the present setup on the slot machine "racket", Mr. Binney stated that in view of the fact that he spends more than half the year in Florida, and when in Toledo he makes it a point to stay away from the "racket" altogether, he had no information.

On the whole, Mr. Binney is shrewd; is very cautious in his answers, and appears to be a perfect gentleman with some educational background.
The following investigation was performed by Special Agents H. B. Dill and N. J. Wynn:

Mr. Otto Albrecht, 5916 Edgewater Drive, Point Place, Ohio, was interviewed on June 13, 1936, with reference to his activities in the slot machine business, and any information concerning a "pay off" in connection with the slot machine racket.

Mr. Albrecht is a man of sixty-five years of age, married, and resides in a very nice home, which he stated he owns. He advised that he has been out of the slot machine business since 1930; that prior thereto he was in the business in the city of Toledo, Ohio, and Lucas County, Ohio, for approximately thirty years; that he was never a very large operator, never having more than forty or fifty machines in operation; that during that period there was no "pay off," and the various operators merely used their good judgment in placing the machines; that it was generally understood that the law enforcement officials in the city and county would not bother the machines except during occasional "purity drives," or on complaints of citizens that machines, for instance, were too near school houses; that the law enforcement officials never "put the word out" to the operators at such times, but the operators generally read the newspapers and observing a "purity wave" approaching, would "pull" the machines for the time being; that he lost comparatively few machines during his thirty years operation, but those machines which were taken by the law enforcement officials were, as best he could determine, destroyed.

Mr. Albrecht further stated that he decided to get out of the business when the Licorilli mob began to "muscle in" on the racket, and appeared that the business would get rough.

He stated that it is impossible to operate slot machines on a competitive basis at the present time, as he understands from hearsay, and indicated, although he would not make it as a positive statement, that the county is under the control of Tom Worland and the city under the control of the Prouti brothers, so far as slot machines are concerned.

He stated as a fact that he never paid any person for the privilege of operating and never provided any person with a list of the machines he had "placed" in various spots. He was unable to furnish the names of any former operators of machines not already known as a result of the present investigation.

The following investigation was conducted by Special Agents H. B. Dill and E. J. Wynn, on June 17, 1936:

It is to be recalled that Mrs. E. E. Duffy, who is in the real estate business at Point Place, stated that she understood that one Murphy, known as the Singing Waiter, was employed at the Casino Club in 1924.

John Patrick Murray was located at 5608 Summit Street, Point Place, and it was determined that he is known as the Singing Waiter, and is the person referred to by Mrs. Duffy. The following signed statements, dated at Toledo, Ohio, June 17, 1936, were secured from him. The originals or which are being retained in the Cleveland Bureau office file:

"Toledo, Ohio
June 17, 1936

I, JOHN PATRICK MURRAY, 5608 Edgewater Drive, Point Place, Ohio, make the following statement to H. B. Dill and E. J. Wynn, who I understand are Special Agents of the Federal Bureau of Investigation, United States Department of Justice, freely and voluntarily.

I am 45 years of age. In the summer of 1924, for about a month or six weeks, I was employed as an entertainer at the Casino Club on Summit Street in Point Place, which is now known as the Little Casino. I was hired by Ted Angus, who was the 'big boss.' Bert Angus was a bartender at the Casino, and gave orders, and seemed to be a partner in the business.

T have just been shown a photograph of a man and have been told it is a photograph of Arthur 'Doc' Barker. I have just been shown a photograph of a man and have been told it is a photograph of Jimmie Wilson. I identify these photographs as two men I saw on several occasions at the Casino Club together with a group of men. These men were well supplied with money, and spent their money freely. On one occasion a man who was with the men I now understand to be Jimmie Wilson and Arthur 'Doc' Barker, wanted to sing while I was on the floor, and as a result I engaged in a fight with him. Wilson and Barker came over to help the man out and I saw Wilson's coat fly back and saw a revolver in a shoulder holster. The man I am now told is Arthur Barker, and whose photograph I recognize, also came over to help out his friend. The fight stopped then. Later as that group were being out Barker hit me in jaw. That was my last sight at the Casino as I quit because it was too rough for me."
"I know George Timney, a Toledo, Ohio police officer by sight. While I was working at the Casino, as stated above, I saw Timney at the Casino once or twice, dressed in citizen's clothes. I also saw other officers there but I do not know their names. On one occasion I saw two uniform officers come in about 2:30 in the morning and they laid their guns on the bar as if they were kidding.

"I do not recall just who George Timney was with when he came to the Casino Club.

"I have read the above statement and it is true to the best of my recollection.

"I, JOHN PATRICK MURRAY, desire to add to the statement previously made by me today that the men I am told are Arthur Barker and Yumie Wilson, whose photographs I have identified in the presence of Special Agents E. B. Dill, and E. J. Wynn, Special Agents, Federal Bureau of Investigation, as being at the Casino Club when I worked there in the summer of 1924, used the Casino as a hang out, and from what I observed they were very friendly with the Angu brothers, Bert and Ted, they joked back and forth, and these men spent their money freely, and they would stay at the club as late as 2 and 3 o'clock in the morning.

Further inquiry will be had as to John P. Murray and the names of other entertainers obtained for interviews as to presence of the gang here as well as the presence of Captain George Finney.

The following investigation was performed by Special Agents H. B. Dill and E. J. Wynn, on June 15, 1936:

The telephone tap which was maintained on the telephone of Ed and Clara McGraw, 2011 Adams Street, Toledo, Ohio, at whose home, it is to be recalled, Campbell and his wife resided for about six months following their marriage, disclosed that Mrs. Cooper talked with Clara McGraw on one occasion. It was ascertained that Mrs. Cooper is in fact Mrs. Petra/Kooper, 704 Chicago Street, Toledo, Ohio. She was interviewed and the following signed statement, which is contained in the Cleveland Bureau office file, was secured from her:

"Toledo, O."
"June 15, 1936"

"I, PETRA KOPPER, 704 Chicago St., Toledo, O. make the following statement to H. B. Dill and E. J. Wynn, Special Agents, Federal Bureau of Investigation:
I have known Ed and Clara McGraw for over 4 years. About March, 1935 I talked with Clara McGraw and she told me she had a roofer by the name of Bob Miller, a contractor.
"I was at Ed and Clara McGraw's home, 2011 Adams St. in about June, 1935, and Ed and Clara McGraw introduced me to Bob Miller and his wife Gertie and I understood they were living with the McGraws. I have placed my name on the back of a photograph which I identify as Bob Miller.
"Clara McGraw told me that Bob Miller was her cousin when she introduced me to him and she said he was a contractor from Cleveland, Ohio.
"About the time Bob Miller and Gertie moved I took Mrs. McGraw to Stryker, Ohio to see her sister and she told me that Bob Miller was not her cousin, but that she let it go at that because she introduced Gertie to Bob Miller as her cousin, that is, that Bob Miller was Clara McGraw's cousin. This was in November, 1935."
"I have read this statement of 2 pages and it is true.

years. I worked with the McGraws when they were running a room-
ing house at 720 Erie St., Toledo, Ohio, from about 1927 to 1932.
At that time they were running a respectable rooming house.

"My wife and I were at the McGraws, 720 Adams St., Toledo,
Ohio, last summer when Clara McGraw introduced us to a man as Bob
Miller, a contractor from Cleveland, Ohio. I have later learned
that this man who Clara introduced to us as Bob Miller is actually
Harry Campbell. Clara McGraw told us that Bob Miller was her
cousin but I did not believe her because I know all of her brothers
and I would have known it if this man had been her cousin. I
don't know why Clara introduced Harry Campbell to my wife and me
as Bob Miller, however, she never did tell me that this man was
not her cousin.

The following statement was secured from Catherine Goulet, wife of Fred Goulet, owner of Goulet's Grill.

Toledo, O.
May 23, 1956.

"I, Catherine Goulet, 2130 Monroe St., Toledo, O., make the following statement to E.J. Ryan, Special Agent, Federal Bureau of Investigation, freely and voluntarily.

"At 2130 I reside with my husband, Fred Goulet and my daughter, Esther, age 21. We operate Goulet's Grill. The license is in my name.

"I know Big Charlie who I understand is in jail in St. Paul, Minn. I now understand his name is Fitzgerald. He and his wife, Grace, used to come to my place on Broadway - 1930 - about 15 years ago. I have not seen him in years.

"I first met Gertrude Billiter at 908 Monroe where I ran the Belmar lunch. She worked there as a waitress and went with us to a place we opened at 4027 Monroe Street. She and Esther were chums.

"In May 1929 Gertrude Billiter married, and she introduced me to her husband, Bob Miller, at my place at 4027 Monroe. After that they dropped in often there and also the place where I now am at 2130 Monroe.

"I know Clara McGraw, 1112 Adams St., and Ed McGraw. I have visited there several times. They have a bootleg joint and assignation house.

"After Bob Miller, who I now know as Harry Campbell, and Gertrude were married they lived with the McGraws until about November, at which time I knew there would be a vacancy at 2130 - the people wanted to sell their furniture. I told Gertrude about it and they bought it and moved in sometime later.

"I was told by Bob Miller that he was in the slot machine business.

"Sheriff O'Reilly visited my various places of business all the time. On one occasion Fred, my husband, introduced Bob Miller to the Sheriff and they talked about Scottie dogs. At various times thereafter the Sheriff would come in and buy drinks for the 'house' and Bob Miller was present at some of these times.

"I have read the above statement and it is true to the best of my knowledge.

The following investigation was performed by Special Agents H. E. Dill and E. J. Wynn on June 18, 1936:

The telephone tag which was maintained on the telephone of Edward and Clara McGraw, 2012 Adams Street, Toledo, Ohio, during April and until May 5, 1936, revealed that Clara McGraw talked with a Ruth King about coming over to the McGraw's apartment. It was deemed advisable to interview Ruth King with reference to any information she had as to the association of the McGraws with Harry Campbell.

Mrs. Ruth King was located at her home, 627 Tecumseh Street, Toledo, Ohio, and the following signed statement, the original of which is being retained in the Cleveland office file, was secured from her:

Toledo, Ohio
June 10, 1936

"I, MRS. RUTH KING, make the following statement to Special Agents H. J. Wyn and H. E. Dill, Federal Bureau of Investigation, U. S. Department of Justice, without being put in fear and without being promised anything:

"I now live at 627 Tecumseh Street, Toledo, Ohio. I have known Clara and Ed McGraw for more than eight years. In Jan., 1930 my husband, Albert King, and I moved into the McGraw's boarding house at 930 North Erie Street. We lived there a little over a year.

"About a year ago I started working for Mrs. Clara McGraw as a house maid. Since that time I have been going up to the McGraw's to clean the house each Friday.

"Last summer while I was at the McGraw's to clean up the house I was having breakfast with Ed and Clara McGraw and a man came in to have breakfast with us. Clara McGraw told me that this man was Bob Miller, a contractor; that he was her cousin. I have identified the picture of Harry Campbell as the man Clara McGraw told me was Bob Miller, her cousin, and I have signed my name on the back of this picture.

"A few weeks after I met this man Mrs. Clara McGraw said was Bob Miller he married a girl whose first name was Gertie, I don't know her last name. Gertie and Bob lived at the McGraw's for a while after they were married then they moved away.

"Clara McGraw had another boarder that she called Tommy. I never did know Tommy's last name. Tommy moved in Bob Miller's room when Miller and his wife moved out.

"I have seen Bob and Gertie Miller come up to the McGraw's to visit Tommy but I do not know what they talked about because they would go into Tommy's room."
"I never knew of any other boarders that lived with the McGraws at 301 E Adams St, except Tommy and Bob Miller and his wife, Gertie.

"Since Harry Campbell was taken into Federal custody Clara McGraw told me that she was just joking when she told me Bob Miller was her cousin.

"I have read the above statement consisting of four pages and it is true and correct.

Mrs. King stated that she was not acquainted with any "call" girls who came to the McGraws, inasmuch as she went there to clean up only one day a week; that in the event any visitors came to the place while she was cleaning up she went to the kitchen until they departed; that since the apprehension of Harry Campbell, Clara McGraw has told her that both Edward and Clara McGraw were taken to the Federal Building by Federal Agents and questioned about Harry Campbell.

With reference to any other permanent roomers or boarders at the McGraw apartment, other than Harry Campbell and Gertie, and the person she knew as Tommy, who is no doubt Samuel, although she was unable to identify his photograph, she stated that she never recalled any during the time she worked there. Concerning Tommy, she stated that she recalled that he talked as if he had a bad cold.

Mrs. King further stated that both Ed and Clara McGraw are very much frightened since having been interviewed; that Clara McGraw told her that they are not doing any business at their apartment since the interview. She stated that the McGraws rented rooms in their apartment for short periods of time under such circumstances as to indicate to her that the rooms were being used for immoral purposes; that she had no information as to how the women who came there made arrangements, but presumed they came there with men escorts.
The following investigation was conducted by Special Agents E. J. Wynn and H. B. Dill:

Miss Lillian St. Aubin, 371 Detroit Avenue, who was previously contacted with reference to the residence of Volney Davis and Edna Murray at the Bardelle Apartments, Toledo, Ohio, was again interviewed on June 12, 1936, with reference to the residence of Bert Angus and his wife, Madeline, and Rene and Thelma Holst, at the Bardelle Apartments, Collingwood and Cherry Streets.

The following investigation was conducted by Special Agent E. J. Wynn on June 13, 1936:

It is to be recalled that Wynona Barrette and Edna Murray have stated that shortly after Madeline Angus was released from St. Vincent's Hospital in Toledo, Ohio, they visited her and during this visit a detective magazine containing the photographs of Fred Barker and Alvin Earpke was exhibited by Madeline Angus. Wynona stated that this was after her, Wynona's, first release from the hospital.

As has been previously reported, Wynona was first in St. Vincent's Hospital from May 25, 1934 to June 4, 1934, and again from July 16, 1934, to July 29, 1934.

Records of St. Vincent's Hospital under the custody of Sister Farley or Sister Finnell, reflect that Madeline Angus entered the hospital on June 3, 1934 and was released on June 16, 1934.

The following investigation was conducted by Special Agent E. R. Dill on June 7 and 12, 1934.

William Leflat, age 15 years, and Richard Leflat, age 15 years, 5437 203rd Street, stated to Agent that in the spring and summer of 1934 they used to cut the grass for the people who lived at 2831 131st Street, just across the street from their house. They stated that each time they cut the grass for these people they were paid $2.00.

The Leflat boys were shown the pictures of the mob from which they identified the picture of Arthur Barker, bust size, dressed in undershirt, as being the man who paid them on one occasion. They stated that this man had some show dogs and that he played with the dogs quite often. That one of the men at this house was called "Buffalo." The boys stated that the man they identified as having paid them once in the one they thought the occupants of the house called "Buffalo", but they were not sure. They further stated that at the time this man paid them he had a large roll of bills and he took the two dollars from this roll; that when they wanted money for anything they would go over to 2831 131st Street and cut the grass because the lawn was very small and two dollars was a "big amount" to be paid for cutting it.

The Leflat boys identify the picture of Wynona Bardette, bust size with the three triangle buttons on each shoulder of her dark colored dress, as being the woman who lived there with her husband.

They were unable to make any further identifications. The Leflat boys stated that they had been told by their mother that the person who was living at 2831 131st Street was the owner of the Casino Club located on Summit Street near Willow Beach Park.

Mr. and Mrs. M. A. Leflat, parents of Richard and William Leflat, on being interviewed at their home, 5437 203rd Street, stated that they did not know anything about the people who lived in the house located at 2831 131st Street, in the spring and summer of 1934. They stated that they had heard that they were part of the Barker-Karpis mob, but they did not hear that until about five or six months after they had moved out of that neighborhood.

Mrs. Leflat stated that she had ridden home on a number of occasions, during the time these people were living at the house in question, with Mrs. William Danning, who is now with her husband in Alton, Illinois, and that Mrs. Jennings had told her that the man living at 2831 131st Street was the owner of the Casino Club, then located on Summit Street near Willow Beach Park.
Mrs. Leffel stated further that Mr. and Mrs. Thomas G. Flager, 1502 Thatcher Drive, had told her that Mrs. Flager's brother, James Burbage, 2812 Sagamore Road, knew the members of the mob and had drunk beer with the mob at the Casino Club in the summer of 1934.

The following investigation was conducted by Special Agent E. B. Dill on June 7 and 12, 1936:

James Burbage, 2812 Sagamore Road, on being interviewed by Agent stated that he did not ever remember seeing any of the mob at the Casino Club in 1934, or any other time; that he has only been to the Casino Club on a few occasions and that he does not recall anybody he saw there at those times; that he cannot recall for certain that he was in the Casino Club in 1934. Burbage stated, however, that he does recall seeing a number of occasions, since the capture of Campbell in Toledo, that he had seen Campbell in Burling's Restaurant; that until just recently he had been working for Mr. Thomas Flager, his brother-in-law, owner of the Collingwood Memorial; that the Collingwood Memorial, where he worked, is just a short distance from Burling's Restaurant and that he recalls seeing a man whom he later (after the capture of Campbell) thought might have been Campbell. That he had told a number of people that he had been in this restaurant at the time Campbell drank beer there, but that he never told anybody that he ever saw any of the mob at the Casino Club.

In view of the fact that Agent was informed by Mrs. H. A. Leffel, 5427 50th Street, that she had been told by Mr. and Mrs. Thomas Flager that Mrs. Flager's brother had seen members of the mob at the Casino Club, Agent called on Mr. Flager at the Collingwood Memorial, 1555 Collingwood Avenue. Mr. Flager stated that his brother-in-law, James Burbage, as well as other of his employees, had discussed eating at the Burling's Restaurant and that they joked about the fact that they might have drunk beer with Harry Campbell. He stated that he had not heard any of them state definitely that they had been in the restaurant at any time when Campbell was there.

Mr. Flager further stated that he did not know much about James Burbage, his brother-in-law, but that he did not believe that he went to the Casino Club on very many occasions because he did not have the money to spend. He stated that it is his candid opinion that James had made the statement to someone that he had seen Campbell at Burling's Restaurant and that person misunderstood him and thought he meant the Casino Club.
The following investigation was conducted by Special Agent H. B. Dill on June 9, 10 and 16, 1935:

In view of a statement made by Paula Emerson to the effect that she purchased the furniture used by her and Fred Baker while living at 4905 Summit Street, Point Place, Ohio, in the spring and summer of 1934, at LaSalle and Koch Department Store, a check was made to ascertain who, if anyone, was used by her as a "front" in order that she might make such purchases. The following information was ascertained:

Mr. J. O. Struble, assistant credit manager for LaSalle and Koch Department Store on being contacted by Agent, accompanied Agent to the furniture department where Mr. Percy Blaiss, assistant furniture buyer, was contacted. Mr. Blaiss produced the records of the furniture department, which reflect as follows:

1) Mrs. Alfred Bradford, 4905 Summit St. purchased furniture amounting to $13.50 on March 14, 1934. Order record #44541. Furniture to be delivered to the above address C.O.D.

2) Mrs. Alfred Bradford, 4905 Summit St. purchased furniture amounting to $15.00 March 17, 1934. Order record #44598. Furniture to be delivered to the above address C.O.D.

3) Mrs. Alfred Bradford, 4905 Summit St. purchased furniture amounting to $29.95 March 18, 1934. Order record #44597. Furniture to be delivered to above address C.O.D.

4) Mrs. Alfred Bradford, 4905 Summit St. purchased furniture amounting to $9.35 on March 14, 1934. Order record #44235. This order was cancelled shortly after it was made.

5) Mrs. Alfred Bradford, 4905 Summit St. purchased furniture amounting to $203.25 on March 2, 1934. Order record #44189. Furniture delivered to above address C.O.D.

6) Mrs. Alfred Bradford, 4905 Summit St. purchased furniture amounting to $70.95 on March 2, 1934. Order #44182. Furniture was delivered to above address C.O.D.

The records of the furniture department indicate that all of the above mentioned furniture was sold to Mrs. Bradford by salesman #2608. This was the number given to Miss Evelyn Jones, 3750 Rushland Street, when she was working for the furniture department of LaSalle and Koch.
Miss Evelyn Jones on being interviewed at 3720 Rockland Street, stated that she is no longer working for LaSalle and Koch, but that she was employed there in the spring and summer of 1934. She was told by Agent what the records of LaSalle and Koch furniture department reflect and asked if she recalled the transactions. She stated that she could not recall anything about these particular transactions, however, she stated that she did recall selling about $500.00 worth of furniture to two women in the spring of 1934; that she remembered this transaction because the women had given her a $500.00 bill, that they reminded her of night club entertainers because of the way they acted while purchasing the furniture. On being shown the pictures of the mob, Miss Jones selected the picture of Dolores Dolancy, bust size, dark dress, with smile in the front view picture, and stated that the picture resembled one of the girls who made this furniture purchase. She was unable to make any other identifications.

Miss Jones further stated that on one occasion she went out to the address given by these women to see about helping to arrange the furniture, but on arriving at the place, which was above a saloon, she found no one at home. Miss Jones accompanied Agent to 4905 Summit Street, and after looking at the building located at this address she stated that that was the address given by the two women to which she had reference; that apartment #2 was the one in which they were supposed to have been living. She stated that the apartment was locked and there was nobody in either of the other two apartments.

Miss Jones stated that these two women were not accompanied by anyone else at the time they purchased the furniture and that she does not recall seeing them with anybody else at any other time; that as a matter of fact she does not remember seeing them at any other time than when they bought the furniture.

In view of Miss Jones' statement that she had made a sale amounting to almost $500.00 to people living at 4905 Summit Street in the spring of 1934, Agent again called on Mr. Percy Dinges, furniture department of the above mentioned department store, and learned from a further check of his records that on February 27, 1934, Mrs. Alfred Bradford, 4905 Summit Street made a furniture purchase of $425.45. Order record #4470 indicated that this sale was made for cash; that a $500.00 bill was received from which the $425.45 was taken and that the furniture was to be delivered the next day, February 28, 1934.

Mr. Dinges advised Agent that the delivery records were kept at the LaSalle and Koch warehouse, Huron and Lafayette Streets and that Mr. William Fletcher, shipping clerk, had custody of these records.

= 33 =
At Agent's request Mr. William Fletcher, shipping clerk, LaSalle and Koch Warehouse, Barren and Lafayette Streets, produced the shipping records for February and March, 1934. These records indicate that Arthur Lamb, driver and Sam Peithrop, helper, delivered furniture amounting to $450.45 to Mrs. Alfred Bradford, 4905 Summit Street, on February 28, 1934. Mr. Fletcher advised Agent that this delivery was made by Lamb and Peithrop because it was a large order, that ordinarily A. Peithrop made the deliveries in that section of the town.

Arthur Lamb, 564 Orchard and Sam Peithrop, 629 Vance Street, were interviewed concurrently at the LaSalle and Koch warehouse, Barren and Lafayette Streets. Both of these men stated that they recalled making this delivery; that there was no one in the apartment to which the furniture was addressed and that the caretaker who lived in one of the apartments in the building let them in. They stated that they made one other delivery to this address and that they saw two women in the apartment at the time; that they never saw any men there. They were unable to make any identifications from the pictures shown to them of the mob.

Sam Frelco, 1739 Finch Street, on being interviewed at the LaSalle and Koch warehouse stated to Agent that he recalled making several deliveries to 4905 Summit Street, in March 1934; that he never saw anyone there except two women; that these women gave him a drink of whiskey which is the reason he remembered the occasion so well. Frelco was unable to make any identifications from the pictures of the mob shown to him by Agent.
